BUCKEYE COMMUNITY HOPE FOUNDATION
Education Division

Dear Governing Board and School Leader:

As Sponsor of Summit Academy Dayton, Buckeye Community Hope Foundation (BCHF) annually produces an End of Year School Performance Report. The goals of this report are to provide you with timely information on your school's performance relative to expectations outlined in the sponsorship contract and to identify areas of strength and those in need of improvement. To that end, the report summarizes school performance in three component areas—academics, compliance (operations and legal), and financial—and provides information about the school's prospect for renewal. This report includes data from the most recent school year and from over the contract term.

Page one of this report includes a summary of the school's performance in meeting its academic, compliance, and financial targets. BCHF calculates an overall performance score in accordance with our renewal policy, which weighs academics more heavily than compliance and finance. Schools that have earned at least 75 percent of their total possible target points have a favorable prospect for renewal; those with less than 75 percent have an unfavorable prospect for renewal. Please note that nothing in this report shall be construed to guarantee renewal or non-renewal of a school contract and that the authority for renewal decisions lies with the BCHF Board of Trustees.

The rest of the report provides detailed performance data in academics, compliance, and finance. The compliance and finance targets are two points. Schools may earn less than two points for failing to meet the target. The academic target is three points and schools may earn greater or less than the target. The performance detail score at the top of each component area (academics, compliance, and finance) summarizes what percent of applicable target points a school earned in that specific area.

More information about the targets and metrics can be found in the Performance Framework, located in Exhibit 3 of your sponsorship contract. BCHF representatives will also discuss this report at an upcoming governing authority meeting of your school. Should you have additional questions, please do not hesitate to contact us.

Finally, we will make this report available to parents and guardians of the students enrolled in our sponsored schools.

Buckeye Community Hope Foundation is committed to establishing strong public community schools through strategic authorizing and partnerships. We are focused on developing educational communities of achievement through innovation, hope, and support. Thank you for your dedication to ensuring all students have access to a high-quality public education!

Sincerely,

Jennifer L. Schorr

Jennifer Schorr
Vice President of Education

Summit Academy Dayton: Performance Framework Summary

	Percent of Target Points Earned	Weight	Weighted Points Earned
Academic:	69.3%	x 60	32.6
Compliance:	100%	x 20	20.0
Financial:	71.4%	x 20	14.3

Combined Total

66.9%

Academic penalty applied. See page 4.

Renewal Recommendation Chart

	Combined Total	Renewal Recommendation Guide
Exceeds:	≥ 85%	Renew for 5-year or more sponsorship term
Meets:	75 - 84%	Renew for up to 5-year sponsorship term with or without conditions
Does Not Meet:	67 - 74%	Renew for up to 3-year sponsorship term with conditions OR non-renew
Falls Far Below:	≤ 66%	Non-Renew

Prospect for Renewal

The BCHF Board of Trustees makes evidence-based renewal decisions in accordance with our renewal policy. The overall rating on this report and the prospect for renewal in no way guarantee renewal or non-renewal but are included to provide stakeholders with a sense of the school's performance to date.

Currently Summit Academy Dayton's prospect for renewal is **unfavorable**.

Buckeye Community Hope Foundation maintains discretion in making final decisions on school recognition, intervention, renewal, non-renewal, and termination.

Performance Summary: Summit Academy Dayton

Academic:

Summit Academy Dayton earned 54.3% of the applicable academic points possible. This represents 60% of the final overall score.

Summit Academy Dayton is in need of a focused plan for improvement. The school should formulate a focused school turnaround plan that prioritizes needs noted in the academic rubric.

Compliance:

Summit Academy Dayton earned 100% of the applicable compliance points possible. This represents 20% of the final overall score.

Summit Academy Dayton should maintain areas of high performance and focus improvement efforts on areas of need noted in the compliance rubric.

Financial:

Summit Academy Dayton earned 71.4% of the applicable financial points possible. This represents 20% of the final overall score.

Summit Academy Dayton should maintain areas of high performance and focus improvement efforts on areas of need noted in the financial rubric.
