

Governing Authority Regular Meeting
Location: Virtual due to the COVID-19 Pandemic
September 21, 2020 | 6:00PM

AGENDA

1. CALL TO ORDER/ROLL CALL

- Chris Bennis, President
- Jacqueline Trainor, Vice President
- Crystal Bennis, Secretary
- David Lang
- Alyssa Ryba

2. APPROVAL OF AGENDA

3. APPROVAL OF MINUTES

- Regular Meeting – July 20, 2020

4. GENERAL ACTION ITEMS

- Delegation of Authority to Amend Remote Learning Plan
- 2020-2021 Career Technical Education Waiver
- Bi-annual Review of the Career Advising Policy
- Tri-annual Review of the Wellness Policy
- Complaints of Sexual Harassment Policy
- Title IX Grievance Procedures – Employee and Student
- Face Coverings (Masks) Policy
- 2019-2020 Annual Report
- Monthly Residency Verifications – August 2020

5. FINANCIAL REPORTS AND ACTION ITEMS

Fiscal Officer Report

- Approval of Financials for June and July 2020
- 2020-2021 Annual Budget
- Five-Year Forecast (October Submission)
- 2019-2020 Detailed Accounting - Acknowledgement

6. REPORTS

- School Report
- Summit Academy Management Report
- Committee Reports – Subcommittee/Ambassador/Other
- Sponsor Report

7. OTHER BUSINESS

8. PUBLIC PARTICIPATION

9. ADJOURNMENT

Regular Meeting Minutes | July 20, 2020 | 6:00PM
Location: Virtual Due to the COVID-19 Pandemic
Approved on September 21, 2020

Governing Authority Members Present:

Chris Bennis, President	Present
Jackie Trainor, Vice President	Present
Crystal Bennis	Present
David Lang	Present
Alyssa Ryba	Present

Administrative Support Personnel Present:

Dawn Presley, Director (Elementary School)
Crystal Yingling, Director (Middle School)
Ralph Grant, Director (Secondary School)
Celeste Vollmer, Treasurer
Shelly Curcic, Regional Director
Nancy Butts, Executive Director of Compliance
Mark Michael, Vice President of Operations/General Counsel

Sponsor Representative Present:

DeAnna Hardwick, ESC of Lake Erie West

Minutes

1. Call to Order/Roll Call

- Mr. Bennis called the meeting to order at 6:01PM and called the roll.

2. Approval of Agenda

- Mr. Lang moved that the Agenda be approved. The motion was seconded and carried unanimously.

3. Approval of Minutes

- Ms. Bennis moved that the Minutes of the Regular Meeting held on May 18, 2020, be approved. The motion was seconded and carried unanimously.
- Ms. Bennis moved that the Minutes of the Special Meeting held on June 17, 2020, be approved. The motion was seconded and carried unanimously.

4. General Action Items

- Mr. Lang moved that the Resolution and Remote Learning Plan be approved with the understanding that changes and/or amendments to the Plan may be made by the Sponsor and/or the Governing Authority as necessary to be compliant with ODE.
- Ms. Trainor moved that the Resolution and the 2020-2021 Calamity Day Plan be approved. The motion was seconded and carried unanimously.

- Ms. Trainor moved that the Resolution and the 2020-2021 Annual Review of the Academic Prevention and Intervention Services Policy be approved. The motion was seconded and carried unanimously.
- Mr. Lang moved that the Resolution and the Monthly Residency Verifications for May 2020 be approved. The motion was seconded and carried unanimously.

5. Financial Reports and Action Items

- Ms. Vollmer presented the Treasurer's Report and Financials.
- Mr. Lang moved that the Treasurer's Report and Financials for April and May 2020 be approved. The motion was seconded and carried unanimously.

6. Reports

- Ms. Presley presented the School Report. Staff provided input on the school's reopening plan. They have filled some open positions but are waiting for enrollment numbers to decide if the rest will be filled. Building procedures are being reviewed. Face shields may be preferable over masks for their students as they can be cleaned throughout the day and are less likely to be touched; a donor may be available for the associated cost. Transportation may be an issue, but more will be known as opening day grows closer.
- Mr. Michael presented the Management Report. A comprehensive reopening plan will be presented at the Summit Academy Management Governing Authority meeting. They are anticipating lower enrollment due to the pandemic and school funding. Financial issues are company-wide, not just school-specific, so three FTEs were eliminated from management as a cost-saving measure.
- Committee Reports: Subcommittee/Ambassador/Other – None.
- Ms. Hardwick presented the Sponsor Report. No plans for site visits have yet been made. There were no red flags for May's financial review. ODE has given us the luxury of having a fluid reopening plan for each school and the sponsor will not approve or reject any plan if they meet ODE's requirements. Her work mobile phone number has changed and has provided her new number via email. The annual State Meeting is August 5, 2020; her email invite has the details. The meeting is virtual this year, so hopefully more Governing Authority members will attend; registration is required.

7. Other Business

- Ms. Trainor questioned the ongoing meeting time as her travel to a physical location is not an issue when meetings are virtual. Mr. Bennis recommended for the time to remain set for 6:00PM but could revisit the topic at a later date.

8. Public Participation

- None

9. Adjournment

- Mr. Bennis adjourned the meeting at 6:59PM.

Signed:

Governing Authority President/Presiding Member

SPONSOR UPDATES for GOVERNING AUTHORITY

From the desk of Kurt Aey, ESCLEW Director of Community Schools:

June 2020

Planning for the 2020 – 2021 School Year As the 2019 – 2020 school year comes to an official close, it is typical for the summer meetings to cover agenda items regarding the closing of the school year and in some cases the preparing for the upcoming year including staffing changes,

projected budgets, and many other oversight items. However, summer meetings this year may have several additional agenda items to review. Planning for the 2020 – 2021 school year may include several different scenarios which must be taken into consideration as well as many different plans to have ready to go, so if any when schools are given the green light to open, the plan of action that fits the requirements to keep students, staff and families safe is ready to go and in place.

At this time the mandates school closure per the State of Ohio's Governor is still in place. It is very Important for school leaders to monitor weekly / daily updates from the Governor as updates regarding the status of K-12 education are expected to be coming this month. **Once the Governor establishes the plan to safely re-open schools, it will be important for school administrative teams to continue to make adjustments to plans for the 2020 – 2021 school year based on Governor orders, CDC recommendations, The Ohio Department of Education guidelines, and most importantly the local health department in your area.**

Planning for the unknown can be a daunting task, many school districts are starting with an A, B, C plan and working in the details from there. Plan A, school opens in August, and students return to an all-day in person learning environment, Plan B, schools remain closed, and student continue to learn in a remote format, and Plan C, a combination of in person and remote setting. As each plan has several variables to consider, building scenarios around these three main areas may be a good place to start the planning. **With so many variables and restrictions for each plan, it will be vital for all key stakeholders to have a voice in the planning to ensure all students continue their academic success in a safe learning environment.**

The ESCLEW Community Schools Center staff will continue to update all key stakeholders with all official guidance and updates released from the Ohio Governor and the Ohio Department of Education. Please do not hesitate to reach out to your Regional Technical Assistance Educator, Academic Services Team Leader, and/or the Community Schools Director with any questions you may have.

July 2020

House Bill 164 – Remote Learning Plans On Friday June 19, 2020 Ohio Governor DeWine signed House Bill 164, **which allows community schools and traditional districts to offer remote learning for 2020 – 2021 only without changing the current charter agreement with the Ohio Department of Education.**

Remote Learning is a brand new option for brick and mortar community and traditional schools in which the school will remain a brick and mortar school, and only allowed to **offer a remote learning option for the 2020 – 2021 school year only.** All community schools may adopt a plan designed to provide instruction using a remote learning model. The completed remote learning plan must provide details in the identified six areas, explaining in detail how the plan will support the education of all students.

The main focus of the remote learning plan is flexibility. **The school leadership team is able to design their own instructional model, which will allow students the option to work from home in the case of an emergency school closure or the need to keep students, staff and families in the community healthy and**

safe. Engaging in the remote learning model does not disqualify schools from having an in person instruction model for students during the 2020 – 2021 school year, however in the event of students required to work remotely, adhering to the submitted plan will ensure continue funding from the State of Ohio.

The Ohio Department of Education in accordance with the Ohio Health Department, and other agencies, have developed a guidance document which will be released to provide guidance to schools in the development of their plan to ensure the safety of all community stakeholders.

The completed remote learning plans are required to be reviewed and approved by the school's governing authority and submitted to the Ohio Department of Education by August 21, 2020. A remote learning plan must be on file with the Ohio Department of Education in order for the school to offer the flexibility of having students work from home for some if not all of the school year without penalty.

In order to meet the August 21, 2020 submission deadline, all Governing Authorities shall hold a special/emergency board meeting during the month of July/early August to review, (if a regular meeting is not scheduled), and approve the completed remote learning plan by signing a Board resolution approving the 2020 – 2021 remote learning plan.

Any questions regarding the requirements for the remote learning plan can be directed to your assigned ESCLEW Regional Technical Assistance Educator, the ESCLEW Director of Curriculum, Suzy Short, Academic Services Team Leader, Kristi Hayward, and/or the ESCLEW Community Schools Director, Kurt Aey.

Requirements of a Remote Learning Plan

On Friday June 19, 2020 Ohio Governor DeWine signed House Bill 164, which allows community schools and traditional districts to offer remote learning for 2020 – 2021 only. Prior to this legislation there was no avenue for community schools to offer remote instruction for the 2020 – 2021 school year if needed.

Remote Learning Plans - Each qualifying community school governing body, that is not an internet, computer-based school or an approved blended learning model, MAY adopt a plan to provide instruction using a remote learning model only for the 2020-2021 school year in accordance with this section. Not later than August 21, 2020, the qualifying public school shall submit the board adopted/approved plan to the Department of Education.

An adopted plan shall not be subject to approval by the Department. Each plan shall include all of the following:

- (1) A description of how student instructional needs will be determined and documented;
- (2) The method to be used for determining competency, granting credit, and promoting students to a higher grade level;
- (3) The school's attendance requirements, including how the school will document participation in learning opportunities;
- (4) A statement describing how student progress will be monitored;
- (5) A description as to how equitable access to quality instruction will be ensured;
- (6) A description of the professional development activities that will be offered to teachers.

Although the six (6) required sections of the plan does not specifically request how remote learning with impact Students with Disabilities, it is a key element that all school leadership teams should provide detail to ensure FAPE for students, and in the case of additional time required, how will the school support the students and provide compensatory time if owed.

The ESCLEW Community Schools Special Education Team is available to provide technical assistance and answer questions regarding incorporating accessibility for students with disabilities in the remote learning plans. The Ohio Department of Education along with other agencies will release a public document providing guidelines for schools to use in the development of the remote learning plans, and identifying what will be the best for the school to start the 2020 – 2021 school year.

A school must have a remote learning plan on file with the Ohio Department of Education in order to offer any form of remote learning for a portion or any length of time schools may need to be closed, and students may need to work from home in order to continue to receive full funding from the Department of Education.

The ESCLEW nor the Ohio Department of Education will be approving or rejecting submitted remote learning plans. However, any questions regarding the development of the remote learning plan can be directed to your ESCLEW Regional Technical Assistance Educator, ESCLEW Special Education Specialist, Jen Adkins and/or the ESCLEW Director of Curriculum, Suzy Short.

Remote Learning Plans/Most Recent Update

Over the past several weeks, ODE has continued to add to and update information regarding the Remote Learning Plans (with the latest update posted 7/16/20). As we know, the date for these plans to be uploaded to ODE (and subsequently Epicenter) has been extended to August 21. To address the multiple updates, revisions, and questions associated with the RLP we are providing the following support:

1. Watch for focused summary documents coming from Suzy next week. In these documents, Suzy will provide up to the minute updates and a curated list of questions to consider for each of the six elements.
2. Suzy is eager to provide feedback- even if your plan is still in the “draft” phase, feel free to send it her way: sshort@esclakeeriewest.org
3. During the last week of July and first week of August, Suzy will host an interactive Zoom meeting to further clarify questions and concerns regarding the plans (watch for links to be sent within the next two weeks).
4. Suzy will also be addressing questions and concerns regarding the attendance guidance which was released Thursday evening by ODE and can be found by clicking the following link: <http://education.ohio.gov/Topics/Reset-and-Restart/Blended-and-Remote-Learning-Comparison/Attendance-Considerations-for-Remote-Learning-Plan>

Work Cell Phone Number Change:

Please note my new work cell phone number; please update my information in your phone: 330.591.0217. When my revised business cards arrive, I will forward one to each of you.

Mark your Calendar:

ESCLEW Annual State meeting coming up August 5, 2020. The invitation was sent by Kurt Aey, Community Schools Director, last week, and again by me this week. **The sessions require registration for access.** The participation numbers are limited, so please register ASAP for each session of interest ASAP! Please review the agenda and consider partial and/or full participation as you are able for current info as it impacts the new school year. Thank you!

GOVERNING AUTHORITY RESOLUTION
September 21, 2020

Resolved, the Governing Authority hereby delegates the authority to the management company to amend the previously approved Remote Learning Plan as necessary to comply with legal requirements and/or guidance and to submit it on behalf of the School to the state and/or sponsor.

Signed:

Governing Authority President/Representative

GOVERNING AUTHORITY RESOLUTION
September 21, 2020

Resolved, the Governing Authority for Summit Academy Akron Elementary School hereby specifies its intent not to provide Career Technical Education to students enrolled in grades seven or eight for the 2020-2021 school year and directs the School, through its management company, to submit a signed copy of this resolution to the Ohio Department of Education by September 30, 2020 in accordance with Section 3313.90 of the Ohio Revised Code.

Signed:

Governing Authority President/Representative

GOVERNING AUTHORITY RESOLUTION
September 21, 2020

Resolved, the Governing Authority has reviewed and hereby approves the attached Career Advising Policy.

Signed:

Governing Authority President/Representative

Policy

Career Advising

This policy on career advising is reviewed at least once every two years and made available to students, parents, guardians and custodians, local post-secondary institutions, and residents. The policy is posted in a prominent location on the School's website.

I. Plan for Career Advising

The School's plan for career advising includes providing:

- A. Grade-level examples that link students' schoolwork to one or more career fields by implementing the career connections learning strategies offered by the Ohio Department of Education.
- B. Career advising to students in grades 6-12, which includes meeting with each student at least once annually to discuss academic and career pathway opportunities.
- C. Additional interventions and career advising for students who are identified as "at-risk" of dropping out of school. These include:
 - 1. Identifying students who are at-risk of dropping out of school using a local research-based method with input from teachers, school counselors, and other appropriate school staff.
 - 2. Developing a student success plan for each at-risk student that addresses both the student's academic and career pathway to successful graduation and the role of career-technical education, competency-based education, and experiential learning, when appropriate.
 - a. Before the School develops a student's success plan, staff will invite the student's parent, guardian or custodian to assist. If that adult does not participate in the plan development, the School will provide the adult a copy of the plan, a statement of the importance of a high school diploma and a listing of the pathways to graduation available to the student.
 - b. Following development of the plan, staff will provide career advising to the student that is aligned to the success plan and this policy.

- D. Training for staff on how to advise students on career pathways, including use of the tools available on the Ohio Means Jobs website and other online sources provided by the School.
- E. Multiple academic and career pathways through high school that students may choose to earn a high school diploma, including opportunities to earn industry-recognized credentials and postsecondary course credit through college credit plus.
- F. Information on courses that can award students both traditional academic and career-technical credit including, but not limited to, the School's policy on credit flexibility and instructions for students on how to access educational options.
- G. Documentation on career advising for each student and parent, guardian or custodian to review, as well as schools that the student may attend in the future. These include activities that support the student's academic, career and social/emotional development.
- H. The supports necessary for students to successfully transition from high school to their postsecondary destinations, including interventions and services necessary for students who need remediation in mathematics and English language arts.

II. Model Student Success Plan

In developing a student's success plan, the school may use or adapt the model student success plan developed by the Ohio department of education. It can be found at:

https://education.ohio.gov/getattachment/Topics/Career-Tech/Career-Connections/Career-Advising-Policy-and-Student-Success-Plan/Model-Student-Success-Plan_2017.pdf.aspx?lang=en-US

GOVERNING AUTHORITY RESOLUTION
September 21, 2020

Resolved, the Governing Authority has reviewed and hereby approves the attached Wellness Policy.

Signed:

Governing Authority President/Representative

Policy

Wellness

The School believes that healthy students are more likely to successfully complete their formal education. The School recognizes that it plays an important role in the development of students' health and nutrition habits by providing nutritious meals and snacks, supporting the development of good eating habits, and promoting increased physical activity.

The Governing Authority sets forth the following goals in an effort to enable students to establish good health and nutrition habits:

Nutrition Promotion and Education Goals

- The School shall provide for interdisciplinary, sequential skill-based health education that supports hands-on classroom activities that promote health and reduce obesity.
- Nutrition and healthy living skills shall be integrated into classroom curriculum when appropriate.
- Students in grades pre-K – 12 shall receive nutrition education that is interactive and teaches the skills they need to adopt healthy eating behaviors.
- Nutrition education shall be offered and promoted in the School cafeteria as well as in the classroom with coordination between the foodservice staff and teachers.
- Nutrition education and promotion information will be shared with parents and the community.

Physical Education and Activity Goals

- Students shall be provided opportunities for physical activity during the school day through physical education classes, daily recess periods for elementary students, and the integration of physical activity in the classroom.
- Physical education classes shall stress physical fitness, encourage healthy, active lifestyles and consist of physical activities as part of the curriculum.
- Physical activity will not be used as a form of discipline or punishment.
- Physical activity and promotion information will be shared with parents and the community.
- The School shall encourage parents and the community to support physical activity, to be physically active role models, and to include physical activity at events.

Other School Based Activities

- School based activities shall promote student wellness and, if appropriate, shall encourage nutrition and physical education.
- Nutrition shall be considered when planning school-based activities such as classroom snacks, fundraisers, etc.

- The School will provide students with a clean and safe environment and adequate time for eating meals.

Nutrition Guidelines

- In accordance with the School's Food Standards Policy, the food service program shall comply with Federal and State regulations pertaining to the selection, preparation, consumption, and disposal of food and beverages sold in the School.
- Any food provided outside of the food service program, but not sold during the school day on the School premises, shall align with the goals and standards stated in this Wellness Policy.
- Marketing of foods and beverages at the School during the school day shall be limited to those foods and beverages that meet the standards set forth in the School's Food Standard Policy. The Governing Authority reserves the right to further limit marketing of food and beverages.
- The food service program will provide all students affordable access to a variety of nutritious foods.

Implementation and Evaluation

- The School Director shall ensure that the School implements, complies with, and annually evaluates this Policy.
- The School will consult with administrators, Governing Authority members, parents, students, community members, school health professionals, physical education teachers (if applicable), or representatives of the school food authority. The committee will be provided the opportunity to participate in the development, implementation, periodic review, and update of the Policy. In developing or updating goals, the committee will review and consider evidence-based strategies and techniques.
- At least once every three years, the School will measure the implementation of this Policy, focusing specifically on the extent to which the School has complied with the Policy, the extent to which the Policy compares to model local wellness policies, and the extent to which the School has progressed toward achieving its stated goals in the Policy. The School will create a written assessment for each periodic measurement that it will disseminate to students, their families, and other members of the community or post on its website. The School will make appropriate modifications to this Policy, if necessary, based on this assessment.
- At the start of each school year, the School will disseminate this Policy and information about its implementation to families of school children and other members of the community or post it on its website and will notify such individuals of changes to the Policy in the same manner.

The School shall retain documentation demonstrating compliance with this Policy, including requirements related to community involvement, triennial assessments of this Policy, and public dissemination of this Policy and any updates thereto.

GOVERNING AUTHORITY RESOLUTION
September 21, 2020

Resolved, the Governing Authority hereby approves the attached Complaints of Sexual Harassment Policy.

Signed:

Governing Authority President/Representative

Policy

Complaints of Sexual Harassment

Sexually offensive speech and conduct are wholly inappropriate to the operation of the School and will not be tolerated. This policy or a version which provides students adequate notice of the prohibition against sexual harassment, the conduct that constitutes sexual harassment, and the complaint procedure for reporting sexual harassment shall be included in the student handbook.

It shall be a violation of this policy for any member of the School staff to harass a student through conduct or communications of a sexual nature as defined below or to have romantic or sexual relations with a student. Retaliation in any form against those persons alleging that sexual harassment has occurred or participating in the investigation of the complaint is also prohibited. It shall also be a violation of this policy for students or third parties (i.e., visiting speaker) to harass other students through conduct or communications of a sexual nature as defined below.

Any teacher, counselor or administrator who receives a report, verbally or in writing, from any person regarding sexual harassment of a student or employee must forward that report to the School Director/Title IX Coordinator within one (1) school day or within a reasonable period of time if there is a good cause for the delay. If a person other than the School Director is serving as the School's Title IX Coordinator, the School Director receiving a report of sexual harassment shall promptly notify the Title IX Coordinator.

The School's designated and authorized Title IX Coordinator is:

Dawn Presley
School Director
2503 Leland Avenue, Akron, OH 44312
(330) 253-7441
Dawn.Presley@summitacademies.org

The designated/authorized Title IX Coordinator and his/her contact information shall be made known to all applicants for admission and employment, students, parents or legal guardians of students, employees, and all of the School's employee unions, if any. Further, the School shall prominently display on its website the contact information for the Title IX Coordinator.

No person designated by the School to serve as a Title IX Coordinator, investigator, decision maker, or any person designated by the School to facilitate an informal

resolution process, shall have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

1. Definitions

- a. Sexual harassment – conduct on the basis of sex that satisfies one or more of the following:
 - (i) A School employee conditioning education benefits on participation in unwelcome sexual conduct (i.e., quid pro quo); or
 - (ii) Unwelcome conduct that a reasonable person would determine is so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the School's education program or activity; or
 - (iii) Sexual assault (as defined in the Clery Act, 20 U.S.C. 1092(f)), dating violence, domestic violence, or stalking as defined in the Violence Against Women Act.
- b. Complainant – an individual who is alleged to be the victim of conduct that could constitute sexual harassment.
- c. Respondent – an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.
- d. Formal complaint – a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the School investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education programs or activities of the School.

2. Duty to Respond

The School will promptly respond when an allegation of sexual harassment occurs in an education program or activity. Education programs and activities include locations, events, or circumstances over which the School exercises substantial control over both the respondent and the context in which the sexual harassment occurs. This may include computer and internet networks, digital platform, and computer hardware or software owned or operated by or used in the operations of the School.

3. Supportive Measures

"Supportive measures" are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, without fee or charge, to an alleged victim or respondent, before or after the filing of a formal complaint or where no formal complaint has been filed. The purpose of supportive measures is equal access to education.

The School shall offer supportive measures to a complainant. The Title IX Coordinator shall promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

Supportive measures may include:

- a. Counseling;
- b. Extensions of deadlines or other course-related adjustments;
- c. Modifications of class schedules;
- d. Campus escort services;
- e. Mutual restrictions on contact between the parties;
- f. Leaves of absence;
- g. Increased security and monitoring of certain areas of campus.

4. Complaint Procedure

- a. Any student or staff member who alleges sexual harassment by any staff member or student in the School may complain directly to the Title IX Coordinator, guidance counselor, teacher, School Director or any other School employee whom the student or staff member trusts, or any other individual designated to receive such complaints. An individual who is complaining of sexual harassment is not required to work out the problem directly with the individual alleged to have harassed him or her.

Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-

business hours) by using the telephone number or electronic mail address, or by mail to the office address, listed for the Title IX Coordinator.

The School will treat a person as a complainant any time it has notice that the person is alleged to be the victim of conduct that could constitute sexual harassment (regardless of whether the person themselves reported, or a third party reported the sexual harassment), and irrespective of whether the complainant ever chooses to file a formal complaint.

- b. Retaliation against those who file a complaint or participate in the investigation of the complaint is prohibited. No employee or representative of the School, nor any other person, may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in a Title IX investigation, proceeding, or hearing. Complaints alleging retaliation may be filed according to the procedures for sex discrimination.

Therefore, filing a complaint or otherwise reporting sexual harassment will not reflect upon the student's or staff member's status, nor will it affect future employment, grades, or work assignments. The person to whom the complaint was made shall, within one (1) school day, report the complaint to the Title IX Coordinator. If the Title IX Coordinator or Superintendent is the employee alleged to have engaged in the sexual harassment, the report shall be made to the Governing Authority.

- c. The right to confidentiality, both of the complainant and of the respondent, will be respected consistent with the School's legal obligation, and with the necessity to investigate allegations of misconduct and take corrective action when this conduct has occurred. The School will keep confidential the identity of complainants, respondents, and witnesses, except as may be permitted by FERPA, or as required by law, or as necessary to carry out a Title IX proceeding.

5. Investigation

- a. The investigator should remember that the investigation requires a balancing of the respondent's rights, the complainant's right to an environment free of sexual harassment, and the Governing Authority's interest in a prompt and fair investigation. The burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the School and not on the parties. The investigator shall not require, allow, rely upon, or otherwise use questions

or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

- b. The investigator shall send written notice to both parties of the allegations set forth in the complaint upon receipt of a formal complaint. The notice must include sufficient details known at the time, including the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known. The notice must include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process; that the parties may have an advisor of their choice, who may be an attorney, and may inspect and review evidence; and notice of any provision in School's Code of Conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process. If a party chooses to have an advisor, he/she may be accompanied to any related meeting or proceeding by the advisor.
- c. The investigator shall meet with the complainant within a reasonable period of time from the time of making the complaint. However, the investigator is urged to meet with the complainant as soon as possible.
- d. Following the meeting with the complainant, the investigator shall conduct an adequate, reliable, and impartial investigation to determine if sexual harassment has occurred. The investigation shall include a conference with the respondent and the complainant, as well as any and all other methods which are considered necessary to determine whether harassment has occurred. Both parties must be permitted an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. The parties shall not be restricted from discussing the allegations under investigation or from gathering and presenting relevant evidence.
- e. The investigator will not access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the School obtains that party's voluntary, written consent to do so.

- f. Both parties shall be provided an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the School does not intend to rely in reaching a determination regarding responsibility, and inculpatory or exculpatory evidence, whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation.
- g. The School shall provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate.

6. Post-Investigation Procedures

Prior to completion of the investigative report, the School must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least ten (10) school days to submit a written response, which the investigator will consider prior to completion of the investigative report. All such evidence must be subject to the parties' inspection and review and be available at any hearing.

Upon conclusion of the investigation, the investigator shall issue a written report to the parties and their advisors that fairly summarizes the relevant evidence. After the investigative report has been sent to the parties and before reaching a determination regarding responsibility, the decision maker(s) must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decision maker(s) must explain to the party proposing the questions any decision to exclude questions as not relevant. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision maker must explain to the party proposing the questions any decision to exclude a question as not relevant.

Although the facts and circumstances of a particular investigation may require an investigation to continue beyond forty-five (45) school days, it is

recommended that the investigation and a report of the findings be completed within that time frame. The report shall include a determination of whether the respondent was found to have engaged in harassment, was found not to have engaged in harassment, or whether the investigation was inconclusive.

The School shall use a "preponderance of the evidence" standard to make such determination. This shall be the same standard used for both complaints involving students and staff members. The burden rests on the School to meet that standard for purposes of reaching a determination regarding responsibility.

The report shall be issued to the complainant, if an employee, or to the complainant's parents, if a student. A copy of the report shall also be sent to the School Director or his/her designee and the respondent.

7. Final Determination

- a. Following receipt of the investigator's report and recommendation, the decision maker (who cannot be the same person as the Title IX Coordinator or investigator) must issue a written decision which sets forth the decision maker's determination of responsibility or non-responsibility based on the relevant standard of evidence. The written decision shall include the following elements:
 1. Identification of the allegations potentially constituting sexual harassment.
 2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held.
 3. Findings of fact supporting the determination.
 4. Conclusions regarding the application of the School's Code of Conduct to the facts.
 5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the School imposes on the respondent, and whether remedies designed to restore or preserve equal access to the School's education program or activity will be provided by the School to the complainant.

6. The School's procedures and permissible bases for the complainant and respondent to appeal.
 - b. The decision maker must objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence.
 - c. Credibility determinations shall not be made on based on a person's status as a complainant, respondent or witness.
 - d. The decision maker must provide his/her written decision to the parties simultaneously within fifteen (15) school days of receipt of the investigator's report and recommendation.
 - e. The Title IX Coordinator is responsible for effective implementation of any remedies set forth in the written determination.

8. Informal Resolution

The School may offer informal resolution options if a formal complaint is filed, at any time prior to reaching a determination regarding responsibility, provided both parties give voluntary, informed, written consent. The School shall not require, as a condition of enrollment or continuing enrollment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints. Any party has the right to withdraw from informal resolution and resume the grievance process with respect to the formal complaint. The investigator may not require the parties to participate in an informal resolution process. The investigator will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student. If an informal resolution is sought by the parties, a written statement to that effect shall be signed by the parties, and the informal resolution process will conclude within twenty (20) school days of the parties' signatures.

9. Appeals

- a. The School will offer both parties the opportunity to appeal from a determination regarding responsibility and from a dismissal of a formal complaint or any allegations therein on the following bases:
 - (i) Procedural irregularity that affected the outcome of the matter;
 - (ii) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and/or

- (iii) The Title IX Coordinator, investigator, or decision maker had a conflict of interest or bias that affected the outcome of the matter.
- b. An appeal must be submitted in writing to the Title IX Coordinator within five (5) school days of the issuance of the determination regarding responsibility, which includes a statement specifying the grounds for the appeal. The opposing party will be notified of the appeal and provided five (5) school days from such notice to submit to a statement in support of the outcome.
- c. An "Appeal Decision Maker" shall be designated by the Superintendent to review the investigative report and the statements submitted by the parties as part of the appeal. The Appeal Decision Maker shall investigate whether a basis for overturning the decision regarding responsibility exists. The Appeal Decision Maker shall not be the same person as the decision maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator.
- d. The Appeal Decision Maker shall issue a written decision describing the result of the appeal and the rationale for the result and shall provide the written decision simultaneously to both parties and their advisors within twenty (20) school days of the Title IX Coordinator's receipt of a party's notice of appeal of the original decision maker.

10. Dismissal of Complaints

- a. Complaints must be dismissed by the decision maker where the allegations, if true, would not meet the Title IX jurisdictional conditions:
 - (i) The actions complained of do not meet the definition of "sexual harassment";
 - (ii) The actions complained of were not against a person in the United States;
 - (iii) The actions complained of did not occur in the School's education program or activity.
- b. Complaints may be dismissed by the decision maker where:

- (i) A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
 - (ii) The respondent is no longer enrolled or employed by the School; and/or
 - (iii) Specific circumstances prevent the School from gathering evidence sufficient to reach a determination as to the allegations contained in the formal complaint.
- c. The Title IX Coordinator will promptly send the parties simultaneous written notice of any dismissal decision, and the reason(s) therefore.
- d. Both parties shall have the right to appeal a dismissal decision by submitting written notice of appeal to the Title IX Coordinator within five (5) school days of the issuance of the dismissal notice. The Appeal Decision Maker shall review the notice of appeal and issue a decision regarding the appeal in writing to both parties within ten (10) school days of the issuance of the notice of dismissal.

11. Discipline and Remedies

A substantiated charge against a student in the School shall subject that student to disciplinary action, including suspension or expulsion, consistent with the Student Discipline Code. A substantiated charge against an employee shall result in the employee being subjected to disciplinary action, up to and including termination. Making a materially false statement in bad faith in the course of an investigation under this policy may subject a student or employee to disciplinary action.

Complainants and respondents shall be treated equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following the grievance process outlined in this policy before the imposition of any disciplinary sanctions or other actions that are not supportive measures, against a respondent. All remedies provided by School shall be designed to restore or preserve equal access to the School's education program or activity. Such remedies may include the same individualized services provided as "supportive measures"; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.

12. Training

The School will ensure that Title IX Coordinators, investigators, decision makers, and any person who facilitates an informal resolution process, receive training on the definition of sexual harassment, the scope of the School's education program or activity, how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. The School shall further ensure that decision makers receive training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. The School shall also ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. Any materials used to train Title IX Coordinators, investigators, decision makers, and any person who facilitates an informal resolution process, must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.

13. Time Limits

All time limits established in this policy may be temporarily delayed or extended by the Title IX Coordinator for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

14. Consolidation of Formal Complaints

The School may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

15. Record Keeping

The School shall maintain, for a period of seven (7) years, records of:

- a. Each sexual harassment investigation including any determination regarding responsibility and any audio or audiovisual recording or transcript, any disciplinary sanctions imposed on the respondent, and any

remedies provided to the complainant designed to restore or preserve equal access to the recipient's education program or activity;

- b. Any appeal and the result therefrom;
- c. Any informal resolution and the result therefrom;
- d. All materials used to train Title IX Coordinators, investigators, decision makers, and any person who facilitates an informal resolution process. The School shall make these training materials publicly available on its website; and
- e. Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. The School must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the education program or activity. If the School does not provide a complainant with supportive measures, then the School shall document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

LEGAL REFS: Title IX of the Education Amendments of 1972; 34 C.F.R. 106

GOVERNING AUTHORITY RESOLUTION
September 21, 2020

Resolved, the Governing Authority hereby approves the attached Title IX Grievance Procedures – Employee and Student Policy and authorizes the management company to promulgate any forms necessary for implementation purposes.

Signed:

Governing Authority President/Representative

Policy

Title IX Grievance Procedures – Employee and Student

The Governing Authority shall not discriminate on the basis of sex in the educational programs or activities of the School that receive federal financial assistance. This prohibition encompasses discrimination based on an individual's gender identity, including discrimination based on an individual's transgender status. The Governing Authority hereby designates the following employee as the Title IX Coordinator for the School:

Dawn Presley
School Director
2503 Leland Avenue, Akron, OH 44312
(330) 253-7441
Dawn.Presley@summitacademies.org

The Title IX Coordinator's duties shall include, but not be limited to, coordinating the School's effort to comply with and carry out its responsibilities under Title IX and carry out an investigation of any complaint communicated to the School alleging its noncompliance with Title IX or alleging any uses which would be prohibited by Title IX in accordance with the procedures set forth hereinafter. The Title IX Coordinator may be assisted by such additional personnel as from time to time may be appointed.

Complaints involving alleged discrimination on the basis of sex in any program or activity that receives federal financial assistance, whether carried out by School employees, students, or third parties, shall be handled in accordance with the following procedure unless a policy has been adopted to deal with the specific discrimination. If a more specific policy exists, that policy shall be followed.

Step 1:

Any student or employee who has a complaint of alleged sex discrimination shall attempt promptly to resolve the complaint by discussion with the School Director or immediate supervisor in case of classified employees. If the immediate supervisor is the subject of the complaint, the complaint should be filed with the Title IX Coordinator. If the Title IX Coordinator is the subject of the complaint, the complaint can be filed directly to the Vice President of Operations. The complaint should be in writing and describe, in as much detail as possible, the facts of the situation. The Title IX Coordinator or supervisor shall keep a written record of the discussion and provide a copy to the student or employee involved.

Step 2:

If the complaint is not resolved in Step 1, the complainant may, within ten (10) calendar days after receiving an answer, file the complaint in writing with the Title IX Coordinator and mail a copy to the supervisor involved. The Title IX Coordinator shall arrange a meeting to discuss the complaint within ten (10) calendar days after receiving the written complaint, and subsequent meetings may be scheduled as agreed to by both parties. The Title IX Coordinator shall conduct an adequate, reliable, and impartial investigation of complaints, and shall allow the complainant to identify witnesses and other evidence. The Title IX Coordinator shall give a written answer to the complainant by certified mail, return receipt requested, within ten (10) calendar days after the final meeting regarding the complaint. A copy of the written answer shall also be provided to the respondent and the supervisor.

Step 3:

If the decision rendered by the Title IX Coordinator does not resolve the complaint to the satisfaction of the complainant or the respondent, such person can, within ten (10) calendar days, appeal in writing to the Management Company's Chief Executive Officer. The notice of appeal shall be sent to the Title IX Coordinator and a copy filed with the Chief Executive Officer. Failure to file such appeal within ten (10) calendar days from the receipt of the written memorandum of the Title IX Coordinator's action on said grievance shall be deemed a waiver of the right to appeal. The Chief Executive Officer shall hold a meeting within thirty (30) days, and the complainant and the respondent shall be advised in writing of the time, place, and date of the meeting.

The complainant and the respondent shall receive written notice of the meeting no less than five (5) calendar days in advance of the meeting. The Chief Executive Officer shall act upon such appeal officially no later than 30 days following the. Copies of the final decision shall be sent to the complainant, the respondent, the Title IX Coordinator, and the supervisor. The decision of the Chief Executive Officer shall be final.

If the grievance cannot be resolved through the above procedure, a request for an official interpretation may be filed with the U.S. Department of Education – Office for Civil Rights, Bank One Center, Room 750, 600 Superior Avenue East, Cleveland, Ohio 44114-7650.

If discrimination in violation of Title IX is found to have occurred, steps will be taken to prevent its reoccurrence and to remedy its effects on the complainant, and others, if appropriate. The School will use a “preponderance of the evidence” standard to determine whether a hostile environment exists.

LEGAL REFS: 34 C.F.R. 106.8; U.S. Dept. of Justice and U.S. Dept. of Education, Dear Colleague Letter: Transgender Students, May 13, 2016

GOVERNING AUTHORITY RESOLUTION
September 21, 2020

Resolved, the Governing Authority hereby approves the attached Face Masks Policy.

Signed:

Governing Authority President/Representative

Policy

Face Coverings (Masks)

In accordance with the "Director's Order Requiring the Use of Facial Coverings in Child Education Settings" issued by the Interim Director of the Ohio Department of Health on August 14, 2020, the Governing Authority will enforce the rules set forth in this policy concerning face coverings ("masks"). If the requirement to wear a mask is made applicable to more people or in more circumstances than are set forth under this policy because of a law, rule, regulation, or order from federal, state, county or local government, or governmental agency, this policy shall be read to include such requirement, while in effect, without the necessity of adopting a change to the policy to reflect such requirement.

A mask is any material that covers an individual's nose, mouth and chin.

Except as otherwise permitted herein, all students, faculty, and staff in a childcare setting, school building, or other location that provides care or education to any child in kindergarten through grade twelve shall wear masks at all times when:

1. In any indoor location including, but not limited to, classrooms, gymnasiums, offices, locker rooms, hallways, cafeterias, and/or locker bays;
2. Outdoors on school property and unable to consistently maintain a distance of six feet or more from individuals who are not members of their household;
3. Waiting for a school bus outdoors and unable to maintain a distance of six feet or more from individuals who are not members of their household; or
4. Riding a school bus.

The requirement that students, faculty, and staff wear a mask does not apply when any of the following are applicable, as determined by the School Director, Superintendent, or Executive Director of Operations/HR:

1. The individual has a medical condition, including respiratory conditions that restrict breathing, mental health conditions, or a disability that contraindicates the wearing of a mask;

2. The individual is communicating or seeking to communicate with someone who is hearing impaired or has another disability where an accommodation is appropriate or necessary;
3. The individual is actively participating in outdoor recess and/or physical activity where students are able to maintain a distance of six feet or more, or athletic practice, scrimmage, or competition that is permitted under a separate Department of Health Order;
4. The individual is seated and actively consuming food or beverage;
5. Student and staff can maintain distancing of at least six feet and removal of the mask is necessary for instructional purposes, including instruction in foreign language, English language for non-native speakers, and other subjects where wearing a mask would prohibit participation in normal classroom activities, such as playing an instrument;
6. Students are able to maintain a distance of six feet or more and a mask break is deemed necessary by the educator supervising the educational setting;
7. The individual is alone in an enclosed space, such as an office; or
8. An established, sincerely held religious requirement exists that does not permit a mask.

If a student is unable to procure a mask for himself/herself, the School will provide a mask.

Violations of this policy by a student may be treated as "dress code" violations under the student handbook, and a student may be subject to discipline accordingly. Violations of this policy by staff members may result in disciplinary consequences. Individuals/Groups found to be in violation of this policy may be removed from School or management company property, with the assistance of law enforcement if necessary.

All other individuals entering upon School or management company property and all occupants of school buses and vans, are required to wear a mask at all times. This requirement applies to, but is not limited to, the following: volunteers, Governing Authority members, parents/guardians, community members, contractors, businesses, groups renting the School's facilities, persons attending Governing Authority meetings, and persons attending extra-curricular activities.

GOVERNING AUTHORITY RESOLUTION
September 21, 2020

Resolved, the Governing Authority hereby approves the attached draft annual report of the School's activities and progress in meeting academic goals, performance standards, and fiscal performance and authorizes the management company to finalize the report and submit it to the sponsor and parents of all students attending the school via email and/or posting on the School's website by the end of October 2020.

Signed:

Governing Authority President/Representative

School: Summit Academy Akron Elementary School

Director's Message:

Dear Friends,

This year came with its celebrations and its obstacles that came our way. We had six new classroom teachers join us, along with a new music teacher and Title 1 teacher. With new staffing comes team building exercises and blending new with experienced teachers. We employed our mentoring program with our new teachers which created a stronger team overall in the building. I am happy to say that these new teachers reported feeling very supported and looking forward to coming back next year with our students.

Some items to celebrate: grants received, a strong and active PTST (Parents Teachers Students Together) group, and a strong returning team. To help support our students and teachers, we received the Schools Quality Improvement Grant (SQIG) and the School Climate Grant (SCG). Through the SQIG grant, we were able to add a data coach position that allowed for analysis of school-wide data and subsequent needed professional development for our staff. We held embedded professional development for our staff this year. This entailed collaboration with an outside vendor who observed our teachers and then worked alongside them to enrich their lessons in foundations, math instruction, and formative assessments. This took place while we were in the building, as well as during our virtual instruction for the last quarter. Our SCG allowed us to purchase online programming for PBIS: the Why Try? Program for school-wide social skills and the IM4 programming for individualized behavior support.

Additional celebrations included our teaching staff being recognized. Mrs. Norris, our fourth-grade teacher, was featured in the Northeast Ohio Parent publication that spoke of how she meets her students where they are educationally. Sensei James Gydosh, our therapeutic martial arts instructor, was recognized with the Employee of the Week award for inspiring our students. And lastly, Ms. Rebecca Richardson was nominated by her peers as the Staff Member of the Year at Summit Academy Akron Elementary.

Our struggles were the shutdown of schools starting on March 16 due to the novel coronavirus. We were able to provide face-to-face instruction for our students each day via Google Meet and virtual lessons provided on Google Classroom, along with additional software programs. We also provided Blizzard Bags to all students to allow for hands-on materials to be used by our students.

Overall, I think we grew as professionals, learning programming that we had not used before to allow for the continuation of instruction for our students. We grew as a team, learning to lean on strengths of our

new and returning teachers, and providing emotional support to all staff and students. We do not know what the coming year will look like, but we know that we can face any obstacles as a team, as a strong Summit Academy family.

Respectfully,

Mrs. Dawn Presley, MAEd., PC
School Principal

School Highlights:

As part of our PBIS programming here at Summit, we continued our half-hour social skills each day, using the Leader in Me and Why Try? Programs for the curriculum materials. We also continued our Mentor/Mentee Program which entails staff mentoring students who have behavioral/social skills challenges. This program has been hugely successful for our school and consists of 27 students and 20 staff members in our school. In addition to giving support throughout the school day when needed, we also held Mentor/Mentee Nights during which the mentors played games, did crafts and just grew their relationships with their mentees. Also, to celebrate our students and to foster “Leaders” in our building amongst students, we held our quarterly Good News Assemblies, handing out Leader in Me awards/T-shirts, along with academic and perfect attendance awards.

Although we were only in the building for three quarters, they were active quarters with family engagement. We held a parent support group meeting in September which included Village Network Clinical Counselor Ms. Chris Mehen who provided ideas and supports for parents. Local agencies were invited to the meeting to provide information on what their agencies can do to support the families outside of the school. In October, we held our annual Trunk-or-Treat Math Night. This event is always well attended with students needing to solve math problems in order to earn their treats. Staff and parents alike decorated their trunks for this event. In November, the Parent/Teacher Conferences took place. During this time, Ms. Chris Mehen from Village Network was available to talk to parents about ideas on how to support their children. In December, our students were able to purchase items from the Holiday Shoppe organized by our PTST group. We also held our Holiday Program before going on winter break.

In January, our Carnival Literacy Night took place with a fabulous magician working with the students and books sent home with students on how to perform magic tricks. We also started a partnership with United Disabilities Services for the food service for the evening. We will continue to use their services for future events. We also celebrated School Choice Week with a poster contest. Parent/Teacher Conferences were

in February. During the month of February, we also had a fundraiser for Pennies for Patients, a program that supports the Leukemia and Lymphoma Society. Our last event was a parade on the last day of the school year. Teachers held signs and cheered for the students while parents drove their students through the parking lot, stopping at the rock garden station (students painted rocks to go in our rock garden), awards station (students were given their awards that they earned during the year), and a “drive-thru” station of hot dogs, chips, and juice. Staff practiced social distancing during the event.

We ended our year teaching our students remotely. Due to lack of families having working devices at their homes, private donors donated, purchased, and dispersed 33 computers/tablets to families during the fourth quarter of the school year. Blizzard Bags were given out to students at designated intervals during the shutdown. A partnership with the Rotary Club of Port-Summit provided 70 hot lunches to our families on designated Sundays.

* The Ohio Auditor of State audited the financial statements of the school as of, and for the year ended, June 30, 2019. The Auditor's report dated February 5, 2020 indicated that the financial statements were fairly presented in conformity with accounting principles generally accepted in the United States of America. The report is available at the Auditor's website or through Summit Academy Management. The audit as of, and for the year ended, June 30, 2020 is in process. Due to the implementation of GASB 68, the school shows a negative Net Asset amount for fiscal year end. As of the date of the annual report, the GAAP financial statements have not been prepared, therefore, total assets and liabilities remain the same as the prior year.

MONTHLY RESIDENCY VERIFICATION FORM

Month and Year: August 2020
 Official School Name: Summit Academy Akron Elementary

*Each community school is required to perform annual and monthly residency verification checks pursuant to law and the Board's policies.
 The Board is required to review these forms at each meeting.*

INSTRUCTIONS

The School shall randomly select 2 student files from all students currently enrolled at the school for review. The School shall initially verify that a selected student's file contains the annual proof of residency collected within the first 90 days of the school year. Next, the school shall contact the student's parent and verify that the address on file remains the parent's primary residence where substantial activity takes place. The School may contact the parent via phone, email, letter, or by another reasonable method. The contact and verification of residency shall be noted in the student's file and on this form. During the first 90 days of the school year, a proof of residency provided by the parent for the current year shall satisfy the monthly verification review, if it is in the student's file. A file randomly selected during the school year may not be used again during that school year for the monthly verification review and the School shall randomly select another file in that circumstance. If residency has changed, the School shall report the appropriate district of residence for the student using the method and timeline specified by the Department of Education.

Residency Verification: This should be completed in the first few school days of each month.

Summit Academy SCHOOLS

MONTHLY RESIDENCY VERIFICATION FORM

Month and Year:

August 2020

Official School Name:

Summit Academy Akron Elementary

*Each community school is required to perform annual and monthly residency verification checks pursuant to law and the Board's policies.
The Board is required to review these forms at each meeting.*

INSTRUCTIONS

The School shall randomly select 2 student files from all students currently enrolled at the school for review. The School shall initially verify that a selected student's file contains the annual proof of residency collected within the first 90 days of the school year. Next, the school shall contact the student's parent and verify that the address on file remains the parent's primary residence where substantial activity takes place. The School may contact the parent via phone, email, letter, or by another reasonable method. The contact and verification of residency shall be noted in the student's file and on this form. During the first 90 days of the school year, a proof of residency provided by the parent for the current year shall satisfy the monthly verification review, if it is in the student's file. A file randomly selected during the school year may not be used again during that school year for the monthly verification review and the School shall randomly select another file in that circumstance. If residency has changed, the School shall report the appropriate district of residence for the student using the method and timeline specified by the Department of Education.

Residency Verification: This should be completed in the first few school days of each month.

Student (SSID Number Only)	SSID Number: <u>GJ8302690</u>
Annual Proof of Residency in file. Note type of proof and date submitted to school.	<u>8/18/2020 - utility bill</u>
Monthly Verification. Note method of verification.	<input checked="" type="checkbox"/> Annual proof in file – within the first 90 days. <input type="checkbox"/> Parent Contact
Parent Contact. Note Details of Contact.	Date: <u>8/31/2020</u> Details: <u>confirmed address with mom over phone</u>
Address Verification	<input checked="" type="checkbox"/> Current Address Verified <input type="checkbox"/> Address Change / SSIS Notified New Address: _____ _____

Actions to be taken upon completion of the Residency Verification Check

- ☐ Scan this form.
- ☐ Save scanned form in File Bound in the Proof of Residency Folder.
- ☐ Email both scanned forms to Karen Combs at Karen.Combs@summitacademies.org by the last school day of each month.
- ☐ If there is a change of address, email scanned form to Nancy.Butts@summitacademies.org and follow normal procedures.
- ☐ Place form in the Student's File.

Assumptions Narrative Summary

Fiscal Year 2020-2024 Projected Debt					
Description	Beginning Year Balance	Principle Retirement	Interest Expense	Ending Year Balance	Debtor/ Creditor
FTE Review	\$ -	\$ -	\$ -	\$ -	-
Loan A	\$ -	\$ -	\$ -	\$ -	-
Loan B	\$ -	\$ -	\$ -	\$ -	-
Line of Credit	\$ -	\$ -	\$ -	\$ -	-
Notes, Bonds	\$ -	\$ -	\$ -	\$ -	-
Capital Leases	\$ -	\$ -	\$ -	\$ -	-
Payables (Past Due 180+ days)	\$ -	\$ -	\$ -	\$ -	-
Total	\$ -	\$ -	\$ -	\$ -	-

FY18 and FY19 amounts are taken directly from the audited financial statement.

FY20 amounts are based on year end numbers, however, they do not reflect any year end adjustment for receivable and payables, as the presented for audit statements are not available yet.

FY21 amounts are based on the budget for FY21

State foundation amount is projected based on a budget of 85 students.

Purchased services include salaries and wages, as all employees for the school are employees of the management company.

We expect that enrollment, revenues and expenses will remain flat for the next 5 years, as there are many unknowns at this point.

The management company for the school is Summit Academy Management and the Management Agreement is 100% pass-through.

The Treasurer for the school is Celeste Vollmer

GOVERNING AUTHORITY RESOLUTION
September 21, 2020

Resolved, the Governing Authority hereby acknowledges receipt of the attached Detailed Accounting for the 2019-2020 School Year.

Signed:

Governing Authority President/Representative

520 Detailed Accounting by Operator/Management Company
ORC 3314.024 Detailed accounting by management company; categories of expenses

- (A) A management company that receives more than twenty per cent of the annual gross revenues of a community school shall provide a detailed accounting including the nature and costs of goods and services it provides to the community school. This information shall be reported using categories and designations set forth in divisions (B) and (C) of this section, as applicable.
- (B) The detailed accounting shall include the following categories of expenses for each designation as set forth in division (C) of this section:
- (C) The expenses set forth in division (B) of this section shall be disaggregated according to the following designations, as applicable:
- (D) The information provided pursuant to this section shall be subject to verification through examination of community school records during the course of the regular financial audit of the community school.
