

February 25, 2021

Dear Summit Academy Families:

All of us at Summit Academy appreciate your patience and support of your children's education over the difficult past year. Our 24 Summit Academy Schools are preparing for in-person learning for our fourth quarter (Q4). The Q4 survey responses we received from you, our staff and board members, along with our reply to Ohio Gov. Mike DeWine's request to return K-12 students to the classroom, were all part of our decision-analysis process.

Please see the breakdown below of Q4 education delivery modes determined by each of our 24 school directors and set to **begin on March 15**:

School	Principal	County	Q4 Decision
Summit Academy Akron Elementary School	Dawn Presley	Summit	hybrid

Summit Academy Youngstown	Michael Majzun	Mahoning	hybrid
Summit Academy Secondary School-Youngstown	Ashley Martin	Mahoning	hybrid

We are excited about having your students back in the classroom soon. At the same time, understand that this past year of remote learning has put a strain on the education of our students. Each of our school directors and their teams will develop and submit plans to the Ohio Department of Education that will be designed to bridge those gaps.

While we transition back to classroom learning, the safety of our students, staff, and families will remain a top priority. We will follow health and safety protocols, including mask wearing, social distancing, hand washing, and surface sanitization. These measures, along with the vaccination program, are essential in minimizing the spread of COVID-19.

We look forward to seeing your students soon.

Sincerely,

Eric Marthaler
Superintendent
