Policy

# Face Coverings (Masks)

A mask is any material that covers an individual's nose, mouth, and chin.

If a law, rule, regulation, or order from federal, state, county or local government requires students, staff, or other individuals to wear a mask while in a public school, the School shall comply with the requirements of such law, rule, regulation, or order.

In the absence of a specific law, rule, regulation, or order, the Management Company is delegated the authority to develop and implement requirements regarding the wearing of masks in the School. In developing mask requirements, the Management Company shall consider guidance from the Ohio department of health, the Federal Center for Disease Control and Prevention (CDC), or other federal, state, or local agencies.

If there is a mask requirement issued pursuant to this policy, the requirement does not apply when any of the following are applicable, as determined by the Management Company:

- The individual has a medical condition, including respiratory conditions that restrict breathing, mental health conditions, or a disability that contraindicates the wearing of a mask, and presents a signed note from the individual's health care provider;
- 2. The individual is communicating or seeking to communicate with someone who is hearing impaired or has another disability where an accommodation is appropriate or necessary;
- 3. The individual is actively participating in outdoor recess and/or physical activity where students can maintain a distance of six feet or more, or athletic practice, scrimmage, or competition;
- 4. The individual is seated and actively consuming food or beverage;
- 5. Student and staff can maintain distancing of at least six feet and removal of the mask is necessary for instructional purposes, including instruction in foreign language, English language for non-native speakers, and other subjects where wearing a mask would prohibit participation in normal classroom activities, such as playing an instrument;

- 6. Students are able to maintain a distance of six feet or more and a mask break is deemed necessary by the educator supervising the educational setting;
- 7. The individual is alone in an enclosed space, such as an office; or
- 8. An established, sincerely held religious requirement exists that does not permit a mask.

The School will provide a mask to any student who is unable to procure one. Violations of this policy by a student may be treated as "dress code" violations under the student handbook, and a student may be subject to discipline accordingly. Individuals/Groups found to be in violation of mask requirements may be removed from the School or management company property, with the assistance of law enforcement if necessary.

Any student or staff member who alleges sexual harassment by any staff member or student in the School may complain directly to the Title IX Coordinator, guidance counselor, teacher, School Director or any other School employee whom the student or staff member trusts, or any other individual designated to receive such complaints. An individual who is complaining of sexual harassment is not required to work out the problem directly with the individual alleged to have harassed him or her.

Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-

business hours) by using the telephone number or electronic mail address, or by mail to the office address, listed for the Title IX Coordinator.

The School will treat a person as a complainant any time it has notice that the person is alleged to be the victim of conduct that could constitute sexual harassment (regardless of whether the person themselves reported, or a third party reported the sexual harassment), and irrespective of whether the complainant ever chooses to file a formal complaint.

b. Retaliation against those who file a complaint or participate in the investigation of the complaint is prohibited. No employee or representative of the School, nor any other person, may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in a Title IX investigation, proceeding, or hearing. Complaints alleging retaliation may be filed according to the procedures for sex discrimination.

Therefore, filing a complaint or otherwise reporting sexual harassment will not reflect upon the student's or staff member's status, nor will it affect future employment, grades, or work assignments. The person to whom the complaint was made shall, within one (1) school day, report the complaint to the Title IX Coordinator. If the Title IX Coordinator or Superintendent is the employee alleged to have engaged in the sexual harassment, the report shall be made to the Governing Authority.

c. The right to confidentiality, both of the complainant and of the respondent, will be respected consistent with the School's legal obligation, and with the necessity to investigate allegations of misconduct and take corrective action when this conduct has occurred. The School will keep confidential the identity of complainants, respondents, and witnesses, except as may be permitted by FERPA, or as required by law, or as necessary to carry out a Title IX proceeding.

# 5. <u>Investigation</u>

a. The investigator should remember that the investigation requires a balancing of the respondent's rights, the complainant's right to an environment free of sexual harassment, and the Governing Authority's interest in a prompt and fair investigation. The burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the School and not on the parties. The investigator shall not require, allow, rely upon, or otherwise use questions

- or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.
- b. The investigator shall send written notice to both parties of the allegations set forth in the complaint upon receipt of a formal complaint. The notice must include sufficient details known at the time, including the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known. The notice must include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process; that the parties may have an advisor of their choice, who may be an attorney, and may inspect and review evidence; and notice of any provision in School's Code of Conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process. If a party chooses to have an advisor, he/she may be accompanied to any related meeting or proceeding by the advisor.
- c. The investigator shall meet with the complainant within a reasonable period of time from the time of making the complaint. However, the investigator is urged to meet with the complainant as soon as possible.
- d. Following the meeting with the complainant, the investigator shall conduct an adequate, reliable, and impartial investigation to determine if sexual harassment has occurred. The investigation shall include a conference with the respondent and the complainant, as well as any and all other methods which are considered necessary to determine whether harassment has occurred. Both parties must be permitted an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. The parties shall not be restricted from discussing the allegations under investigation or from gathering and presenting relevant evidence.
- e. The investigator will not access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the School obtains that party's voluntary, written consent to do so.

- f. Both parties shall be provided an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the School does not intend to rely in reaching a determination regarding responsibility, and inculpatory or exculpatory evidence, whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation.
- g. The School shall provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate.

# 6. <u>Post-Investigation Procedures</u>

Prior to completion of the investigative report, the School must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least ten (10) school days to submit a written response, which the investigator will consider prior to completion of the investigative report. All such evidence must be subject to the parties' inspection and review and be available at any hearing.

Upon conclusion of the investigation, the investigator shall issue a written report to the parties and their advisors that fairly summarizes the relevant evidence. After the investigative report has been sent to the parties and before reaching a determination regarding responsibility, the decision maker(s) must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decision maker(s) must explain to the party proposing the questions any decision to exclude questions as not relevant. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision maker must explain to the party proposing the questions any decision to exclude a question as not relevant.

Although the facts and circumstances of a particular investigation may require an investigation to continue beyond forty-five (45) school days, it is

recommended that the investigation and a report of the findings be completed within that time frame. The report shall include a determination of whether the respondent was found to have engaged in harassment, was found not to have engaged in harassment, or whether the investigation was inconclusive.

The School shall use a "preponderance of the evidence" standard to make such determination. This shall be the same standard used for both complaints involving students and staff members. The burden rests on the School to meet that standard for purposes of reaching a determination regarding responsibility.

The report shall be issued to the complainant, if an employee, or to the complainant's parents, if a student. A copy of the report shall also be sent to the School Director or his/her designee and the respondent.

#### 7. Final Determination

- a. Following receipt of the investigator's report and recommendation, the decision maker (who cannot be the same person as the Title IX Coordinator or investigator) must issue a written decision which sets forth the decision maker's determination of responsibility or non-responsibility based on the relevant standard of evidence. The written decision shall include the following elements:
  - 1. Identification of the allegations potentially constituting sexual harassment.
  - 2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held.
  - 3. Findings of fact supporting the determination.
  - 4. Conclusions regarding the application of the School's Code of Conduct to the facts.
  - 5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the School imposes on the respondent, and whether remedies designed to restore or preserve equal access to the School's education program or activity will be provided by the School to the complainant.

- 6. The School's procedures and permissible bases for the complainant and respondent to appeal.
- b. The decision maker must objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence.
- c. Credibility determinations shall not be made on based on a person's status as a complainant, respondent or witness.
- d. The decision maker must provide his/her written decision to the parties simultaneously within fifteen (15) school days of receipt of the investigator's report and recommendation.
- e. The Title IX Coordinator is responsible for effective implementation of any remedies set forth in the written determination.

# 8. Informal Resolution

The School may offer informal resolution options if a formal complaint is filed, at any time prior to reaching a determination regarding responsibility, provided both parties give voluntary, informed, written consent. The School shall not require, as a condition of enrollment or continuing enrollment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints. Any party has the right to withdraw from informal resolution and resume the grievance process with respect to the formal complaint. The investigator may not require the parties to participate in an informal resolution process. The investigator will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student. If an informal resolution is sought by the parties, a written statement to that effect shall be signed by the parties, and the informal resolution process will conclude within twenty (20) school days of the parties' signatures.

# 9. Appeals

- a. The School will offer both parties the opportunity to appeal from a determination regarding responsibility and from a dismissal of a formal complaint or any allegations therein on the following bases:
  - (i) Procedural irregularity that affected the outcome of the matter;
  - (ii) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and/or

- (iii) The Title IX Coordinator, investigator, or decision maker had a conflict of interest or bias that affected the outcome of the matter.
- b. An appeal must be submitted in writing to the Title IX Coordinator within five (5) school days of the issuance of the determination regarding responsibility, which includes a statement specifying the grounds for the appeal. The opposing party will be notified of the appeal and provided five (5) school days from such notice to submit to a statement in support of the outcome.
- c. An "Appeal Decision Maker" shall be designated by the Superintendent to review the investigative report and the statements submitted by the parties as part of the appeal. The Appeal Decision Maker shall investigate whether a basis for overturning the decision regarding responsibility exists. The Appeal Decision Maker shall not be the same person as the decision maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator.
- d. The Appeal Decision Maker shall issue a written decision describing the result of the appeal and the rationale for the result and shall provide the written decision simultaneously to both parties and their advisors within twenty (20) school days of the Title IX Coordinator's receipt of a party's notice of appeal of the original decision maker.

# 10. <u>Dismissal of Complaints</u>

- a. Complaints must be dismissed by the decision maker where the allegations, if true, would not meet the Title IX jurisdictional conditions:
  - (i) The actions complained of do not meet the definition of "sexual harassment";
  - (ii) The actions complained of were not against a person in the United States;
  - (iii) The actions complained of did not occur in the School's education program or activity.
- b. Complaints may be dismissed by the decision maker where:

- (i) A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- (ii) The respondent is no longer enrolled or employed by the School; and/or
- (iii) Specific circumstances prevent the School from gathering evidence sufficient to reach a determination as to the allegations contained in the formal complaint.
- c. The Title IX Coordinator will promptly send the parties simultaneous written notice of any dismissal decision, and the reason(s) therefore.
- d. Both parties shall have the right to appeal a dismissal decision by submitting written notice of appeal to the Title IX Coordinator within five (5) school days of the issuance of the dismissal notice. The Appeal Decision Maker shall review the notice of appeal and issue a decision regarding the appeal in writing to both parties within ten (10) school days of the issuance of the notice of dismissal.

# 11. Discipline and Remedies

A substantiated charge against a student in the School shall subject that student to disciplinary action, including suspension or expulsion, consistent with the Student Discipline Code. A substantiated charge against an employee shall result in the employee being subjected to disciplinary action, up to and including termination. Making a materially false statement in bad faith in the course of an investigation under this policy may subject a student or employee to disciplinary action.

Complainants and respondents shall be treated equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following the grievance process outlined in this policy before the imposition of any disciplinary sanctions or other actions that are not supportive measures, against a respondent. All remedies provided by School shall be designed to restore or preserve equal access to the School's education program or activity. Such remedies may include the same individualized services provided as "supportive measures"; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.

# 12. <u>Training</u>

The School will ensure that Title IX Coordinators, investigators, decision makers, and any person who facilitates an informal resolution process, receive training on the definition of sexual harassment, the scope of the School's education program or activity, how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. The School shall further ensure that decision makers receive training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. The School shall also ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. Any materials used to train Title IX Coordinators, investigators, decision makers, and any person who facilitates an informal resolution process, must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.

# 13. Time Limits

All time limits established in this policy may be temporarily delayed or extended by the Title IX Coordinator for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

#### 14. Consolidation of Formal Complaints

The School may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

# 15. Record Keeping

The School shall maintain, for a period of seven (7) years, records of:

 Each sexual harassment investigation including any determination regarding responsibility and any audio or audiovisual recording or transcript, any disciplinary sanctions imposed on the respondent, and any

remedies provided to the complainant designed to restore or preserve equal access to the recipient's education program or activity;

- b Any appeal and the result therefrom;
- c. Any informal resolution and the result therefrom;
- d. All materials used to train Title IX Coordinators, investigators, decision makers, and any person who facilitates an informal resolution process. The School shall make these training materials publicly available on its website; and
- e. Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. The School must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the education program or activity. If the School does not provide a complainant with supportive measures, then the School shall document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

The School may, but is not required to, identify at-risk students in other grades served by the School.

2020-2021 Annual Report

## **Summit Academy School - Lorain**

#### Director's Message

Dear Stakeholders,

The 2020-2021 school year was interesting to say the least, as we prepared for the year being virtual with the expectations that students would come back eventually. The students and staff reacted as all Spartans should, with a growth mindset and determination to help our students be successful no matter what.

During the year we had a few changes with promotions being made internally. As we promoted staff, we were able to bring in some new staff who jumped right into online learning with our kids. As we progressed through the year, we were able to revisit routines that were in place and adjust for social distancing as kids came back to the building. Masks were worn, students cooperated, and all staff received vaccinations. As we progressed through the year, we were seeing growth from our STAR Renaissance program. All students were given a tracking sheet so that they could track their progress and set goals for their success. This was one of the highlights academically throughout a very difficult year. Livestreaming classes and technology issues that we could not control made it difficult for many and we saw several grades drop. To offset some of the learning difficulties we offered ELO opportunities of Rocketry and Robotics. These ELO opportunities may lead into permanent clubs next year.

The end of our year brought a few changes too. We started the creation of a Makers Lab. This will give the students the opportunity to explore and create with STEM, arts, music, and so much more. We also saw the beginning of our music program that will give students a new elective to look forward to. We are adding two new positions that were created as we show growth and one teacher moved away and has to be replaced. It is a very positive atmosphere and people are excited about coming back.

Sincerest Regards,

Michael Williston Principal

#### SPONSOR STATEMENT ON COMPLIANCE:

The Educational Service Center of Lake Erie West (ESCLEW) served as sponsor for Summit Academy School - Lorain during the 2020-2021 school year. ESCLEW monitored the school's academic and fiscal performance, as well as organization and operation of the school, and determined that the school was overall compliant.

#### **ACADEMIC PERFORMANCE**

Every September, the Department of Education releases the "Local Report Card" for each school and district in Ohio. The Local Report Card measures how well students performed as measured by the state's performance standards. In addition, the School is also evaluated on school specific goals that are contained in the School's contract with its Sponsor.

Due to the COVID-19 pandemic, spring state testing was not performed for the 2019-2020 school year. This means the majority of the Local Report Card data for the school is not reported. This is also the case for the academic part of the contractual goals with the sponsor not being reportable.

Summit Academy schools' population is approximately 80% students with disabilities. There is a very wide distribution of skills within this identified subgroup. Two points to keep in mind as one analyzes this data is the small size of each of our groups of students being tested and the skewing effect of students in any group that are exceptionally high or low functioning.

### LOCAL REPORT CARD PERFORMANCE (STATE STANDARDS)

The School's performance reflected on the Local Report Card (State Standards) includes the following components: Overall School Grade; Achievement; Progress; Gap Closing; Graduation Rate; Improving At-Risk K-3 Readers; and, Prepared for Success. An analysis of the school performance for each component follows.

#### Overall School Grade

The State began reporting an overall school grade beginning with the 2017-2018 school year.

	2017-2018	2018-2019	2019-2020	2020-2021
Overall School Grade	F	F	NR	

#### Achievement

The Achievement component represents the number of students who passed the state's proficiency tests and how the students performed on the tests. The Achievement Component is comprised of two measures; Performance Index and Indicators Met. The Performance Index measures the test results of every student. The Indictors Met measures the percent of students who have passed state tests. Tests are reported for each student if a grade in subject. The state standard is for a school to achieve an 80% passage rate.

Achievement	2017-2018	2018-2019	2019-2020	2020-2021
Component Grade	F	F	NR	
Perform. Index (Pts./Grade)	47.8/F	46.9/F	NR	
Indicators Met (%/Grade)	6.7/F	O/F	NR	

### **Progress**

The Progress component looks closely at the growth that all students are making based on their past performances and end-of-course exams. A rating of "C" indicates that students generally achieved a full year of growth during the prior school year. Ratings of A or B indicate students achieved more than a full-year of growth and ratings of D or F indicate students did not achieve a full-year of growth during the prior school year.

Progress	2017-2018	2018-2019	2019-2020	2020-2021
Component Grade	F	F	NR	
Value Added (Overall)	F	F	NR	
Value Added (Gifted)	NR	NR	NR	
Value Added (Lowest 20% in Achievement)	F	F	NR	
Students' w/ Disabilities	F	F	NR	

### Gap Closing

The Gap Closing component shows how well school are meeting performance expectations for the most vulnerable populations of students in English language arts, math, and graduation.

Gap Closing	2017-2018	2018-2019	2019-2020	2020-2021
Component Grade	F	F	NR	
Annual Measurable	40	3	NR	
Objectives (%)				

#### Graduation

The Graduation Rate component measures how the percent of students who are successfully finishing high school with a diploma in 4 or 5 years.

Graduation Rate	2017-2018	2018-2019	2019-2020	2020-2021
Component Grade	NR	F	NR	
4-Year Rate	NC	54.5	90.9	
5-Year Rate	NC	NC	81.8	

#### Improving K-3 At-Risk Readers

The School does not serve Grades K-3.

### Prepared for Success

The "Prepared for Success" component looks at how well-prepared Ohio's students are for future opportunities by looking at the number of students earning remediation free scores on all or part of the ACT or SAT, earned an honor's diploma, and/or earned industry credentials.

Prepared for Success	2017-2018	2018-2019	2019-2020	2020-2021

#### SUMMIT ACADEMY MANAGEMENT

2791Mogadore Road | Akron, Ohio 44312

#### I. Federal Programs

Summit Academy schools have each been allocated a large amount of money in response to the pandemic. We carefully considered all needs as we put spending plans together and strategically used the funds provided in ESSER I, ESSER II, and ARP ESSER. There are eight large categories of spending that we focused on with these funds: addressing learning loss, meeting staffing needs in the school, supporting vulnerable student populations, ensuring adequate staffing in the management company to support the schools, purchasing technology needed for instruction, supporting technology security and accessibility for remote learning, safety, and human resource needs.

Addressing Learning Loss – The schools will begin to offer Extended Learning Opportunities in the early part of the school year and continue to provide them across the next three years of the grants. In addition, the principals and building leadership teams will evaluate their needs and plan for PD, instructional materials, and family events that will have to occur in response to the pandemic. These activities will be ongoing during the life of the grants. Staff members in the field who are instrumental in addressing learning loss include Instructional Coaches, Data Coaches, Community Resource Coordinators, and Deans of Students. The positions are supported by grants in differing configurations among the schools.

Meeting Staffing Needs – There is a portion of the funds dedicated to maintaining staffing levels in the school. There are two different activities associated with this. The first is to continue subsidizing staff employment that would have otherwise been cut early in the pandemic. That began with ESSER I and will continue through the 2023-2024 school year. The second is to offer supplemental contracts to compensate staff for the extra work brought on by the pandemic.

Supporting Vulnerable Populations – All schools will be sharing the cost of an IEP Coordinator and a Behavior Specialist. These two positions are hugely essential to deliver special education services to our students. Unfortunately, schools often find themselves short-staffed in these positions, so we will be hiring one IEP Coordinator and one Behavior Specialist to fill in as needed to help address these shortages.

Summit Academy Management Support for Schools - The schools will receive ongoing support from Curriculum Administrators and Technology Integration Coaches employed by Summit Academy Management. Both provide training to school staff in their respective areas of expertise. We also receive financial support from the Federal Programs team, which requires increased personnel given all the grant money received in response to the pandemic.

Technology Used for Instruction - There is still a great deal of uncertainty surrounding COVID-19, so we need to be prepared for remote, hybrid, or in-person learning. Therefore, we will continue to provide a Chromebook for each student and the means to charge it. We will purchase these as needed over the course of the grants to ensure all units are up-to-date and functional, also providing the required accessories to make instruction work in all

settings. This will include document cameras, microphone headsets, and interactive boards to allow for social distancing.

Technology to Protect our Network and Promote Remote Learning - As the world moved online in 2020, there was a significant rise in cyber-attacks. The Summit Academy Management IT team has had to redouble efforts to keep student and operational data secure. In response, we will be purchasing software and training to protect our data better. We also need to ensure that we are prepared to return to a fully remote setting if necessary. We will upgrade our phone system for staff members to use their laptops as phones, thus protecting their privacy when doing all communications from home.

Safety - Immediate needs for cleaning and PPE arose in response to the coronavirus. The Safety team will spend as needed in these two areas as the pandemic continues. We have seen that we need to provide our own training in CPR, AED use, first aid, and bloodborne pathogens. In the past, we have sent team members to this PD using an external vendor. By bringing this in-house, we will be able to spare our staff travel and will be able to control social distancing. A final expense will be the purchase and maintenance of a visitor sign-in kiosk to facilitate better contact tracing of school visitors

Human Resources – The HR department has used ESSER funding to purchase and implement Kronos, enterprise software for human resources. This software is an upgrade to the previous program and will better allow the tracking of sick leave, quarantines, and contact tracing.

#### II. Health & Safety

#### **HEALTH**

New and updated guidance has been issued to all schools regarding Covid-19 recommendations by the Centers for Disease Control (CDC) and the Ohio Department of Health (ODH). Current flow charts and checklists deal specifically with students and school buildings. Expanded Summit Academy School recommendations also offer guidance for family, workplace, and third-party exposure events.

#### **SAFETY**

A "Virtual Guardian" camera system has been installed in the Columbus schools to prevent vandalism and theft. This system includes real-time monitoring and tracking and the ability to verbally communicate with any individual within the camera's range (including night vision). This is a very robust system deployed to mitigate the unique problems experienced in the Columbus area. In addition, the impact-resistant film has also been applied to the exterior glass of the doors and windows to deter unauthorized entry into the building. Other schools outside of Columbus are currently undergoing threat assessments to determine the need for camera systems and upgraded security measures.

#### III. Martial Arts

The Martial Arts program has incorporated new programs for all students. Here are some of the changes made to the curriculum:

- New Star Incentive program for Elementary Students (PBIS related)
- Hands-on activities with Elementary Students for relief of stress and anxiety
- Improved Tai-Chi and Meditation for all students, breathing, and yoga
- Added to the ranking system for the students who receive belts during promotions
- Added a leadership program mainly for Middle and Secondary Students
- Working on multiple tournaments to allow students to compete with other Summit Schools to help build self-confidence, self-esteem, respect for self and others, and a healthy competitive spirit.

- Working consistently in the Dojo to teach students how to handle the rough situations life has placed on us.
- We are working continuously on bringing a positive attitude from the Dojo into the academic classroom and throughout the school.

#### **CPI - Crisis Prevention**

All staff and Administration for Summit Academy are updated yearly and recertified in CPI. Since the pandemic, all restraints have become more intensified in SAFETY. We currently have 1 Master CPI Trainer and 6 Certified CPI Trainers that are also Martial Artists. We are presently having three more Martial Arts instructors getting certified as Trainers this October. Restraint is always used as a LAST RESORT, and the mindset is all staff looks out for the CARE, WELFARE, SAFETY, and SECURITY of all.

#### V. IT

#### • Esser Fund Approval

We were approved for the requests we have made using ESSER funds. This includes ViewSonic Smart Displays, Mitel mobility addon for our phone system, Microphones and headsets, and new Chromebooks to replace some of our aging fleet. We have already received Chromebooks and are in the process of setting them up. The timeline for the remaining items is yet to be determined, as many of these items have limited availability.

#### New Teacher Laptops

As part of the Emergency Connectivity Fund, we applied to replace approximately 60% of our current teaching staff's laptops. These funds have yet to be approved, but I anticipate they will be shortly. Once approved, we will be reaching out to the individuals who will be receiving a new device, a decision based on the age/specs of the laptop they are currently assigned.

#### Filebound

We have completed the upgrade/migration of Filebound to a new server. This upgrade has resolved the issues that people had scanning into the system.

#### • Wireless Refresh

Funding has been approved to finish the wireless refresh at the schools that were not updated over the summer. An upgrade timeline has not yet been established as it is contingent on when we can receive the equipment to complete the upgrade. This equipment has had supply constraints for several months, but that seems to be easing recently, so we hope not to push this back too far.

#### Multifactor Authentication

As announced in this month's roundtable discussion, we will require Multifactor authentication by October 1st for all Microsoft accounts and staff Google accounts. Once those are secured, we will continue to implement it on systems where it is deemed necessary.

Instructions on how to get this set up, and more information will be coming in the next week or two.

We will not require Multifactor authentication for student accounts at this time.

#### New Ticketing System

As you may be aware, our old ticketing system's vendor took away our ability to create/manage IT tickets with a recent update. Since then, we have been evaluating replacement systems, and have chosen a replacement. We hope to have that implemented in some capacity by the end of next week. Initially, we want to get it to the point where we can perform basic ticket management and focus on the other 'bells and whistles' afterward.
