## Governing Authority Resolution July 20, 2022

Resolved, the Governing Authority has reviewed its Assessments, Academic Prevention, and Intervention Services Policy and hereby approves the policy for the 2022-2023 school year, as attached.

Signed:

---

Governing Authority President/Secretary/Presiding Member

## Policy

### Assessments, Academic Prevention and Intervention Services

The Governing Authority has adopted the following policy to govern the conduct of assessments and academic prevention and intervention services for all grade levels served by the School. This policy shall be reviewed and/or updated annually.

#### I. Procedures for Using Diagnostic Assessments

Diagnostic assessments are used to measure student progress toward the attainment of the state's academic standards and to identify students who may not attain the state's academic standards in accordance with Section 3301.0715 of the Revised Code. Throughout the year, the School shall use a variety of assessments.

- A. State Assessments. The School shall administer state assessments during the school year in the method and manner as mandated by law and the State Board of Education for each grade level served by the School. A student may be excused from taking a state assessment if excused by law, medical reasons, or other good cause. In such cases, the student shall take the assessment within nine days of the missed assessment.
- B. Diagnostic Assessments. A diagnostic assessment is a form of a pre-assessment that allows the School to determine a student's strengths, weaknesses, knowledge, and skills. The School uses diagnostic assessments to assess a student's areas of weakness and to guide their teachers' lesson and curriculum planning. If the grades are served by the School, the School administers diagnostic tests at least once annually for grade levels kindergarten through second grade in reading, writing, and mathematics. For third grade students, the School administers a reading and writing diagnostic assessment for any transfer student within thirty days of initial entry, if the student's prior school did not administer applicable assessments in the current year. A former homeschool student will be administered a diagnostic assessment to determine appropriate placement. The School shall also administer a kindergarten readiness assessment between the first day of the school year and November 1<sup>st</sup>, with the language and reading skills parts administered by September 30<sup>th</sup>. The School shall also administer any other assessments as required by law or as it determines may benefit students.

#### II. Prevention and Intervention Services

For students who score below the proficient level on proficiency and achievement tests, the School shall provide, in the subsequent school year, academic prevention and intervention services in the pertinent subject areas to students commensurate with their performance and/or with intervention services required by Sections 3313.608, 3301.0711 and 3301.0715 of the Revised Code.

- A. Plan for Classroom-based Intervention. Assessment results will be analyzed to identify students' areas of academic strength and/or weakness. Based on those results, specific academic interventions will be designed to meet the instructional needs of individual students, planned and implemented, which may include classroom-based interventions. Interventions will be formalized and aimed at a student's specific weakness. Results will be monitored at regular intervals during the implementation of the interventions. Flexibility shall be maintained to ensure each student is making progress.

The types of classroom-based interventions will vary based on the specific needs of students. As an example, the School may use, but is not limited to, the following classroom-based interventions: changes in environment, assignments, testing adaptations, organizational skills, behavior, and/or instruction and presentation modifications.

- B. Graduation Rate. Following the administration of assessments to ninth grade students required by Section 3301.0710 of the Revised Code, if the School has a three-year graduation rate of less than seventy-five percent, intervention services will be provided to any students who took the assessments and have failed to make progress toward fulfilling graduation requirements.

### III. Collection of Student Data

The School regularly collects student performance data. Student performance data shall be used to evaluate the effectiveness of intervention services, and, if necessary, to modify intervention services. Records are kept in each student's file with the results of each assessment taken, both required and not required. Results include whether the student attained the performance standard designated for that assessment. Records also contain specific information on interventions that have been utilized and the student's response to intervention.

### IV. Use of Performance Data

The School will use student performance data to regularly evaluate the effect of its intervention services and modify the services as necessary. The School shall not use a student's statewide assessment results as the sole basis for determining whether or not to promote a student to the next grade, except as required in the Third Grade Reading Guarantee. Summer remediation may be offered to students who fail to score at the proficient level on the Third Grade Reading Achievement Test or diagnostic assessment. Assessment results will be shared with a student's parents or guardians.

## Governing Authority Resolution July 20, 2022

Resolved, the Governing Authority has conducted its bi-annual review of the Career Advising Policy and hereby approves the policy for the 2022-2023 school year, as attached.

Signed:

---

Governing Authority President/Secretary/Presiding Member

## Policy

### Career Advising

This policy on career advising is reviewed at least once every two years and made available to students, parents, guardians and custodians, local post-secondary institutions, and residents. The policy is posted in a prominent location on the School's website.

#### I. Plan for Career Advising

The School's plan for career advising includes providing:

- A. Grade-level examples that link students' schoolwork to one or more career fields by implementing the career connections learning strategies offered by the Ohio Department of Education.
- B. Career advising to students in grades 6-12, which includes meeting with each student at least once annually to discuss academic and career pathway opportunities.
- C. Additional interventions and career advising for students who are identified as "at-risk" of dropping out of school. These include:
  1. Identifying students who are at-risk of dropping out of school using a local research-based method with input from teachers, school counselors, and other appropriate school staff.
  2. Developing a student success plan for each at-risk student that addresses both the student's academic and career pathway to successful graduation and the role of career-technical education, competency-based education, and experiential learning, when appropriate.
    - a. Before the School develops a student's success plan, staff will invite the student's parent, guardian or custodian to assist. If that adult does not participate in the plan development, the School will provide the adult a copy of the plan, a statement of the importance of a high school diploma and a listing of the pathways to graduation available to the student.
    - b. Following development of the plan, staff will provide career advising to the student that is aligned to the success plan and this policy.

- D. Training for staff on how to advise students on career pathways, including use of the tools available on the Ohio Means Jobs website and other online sources provided by the School.
- E. Multiple academic and career pathways through high school that students may choose to earn a high school diploma, including opportunities to earn industry-recognized credentials and postsecondary course credit through college credit plus.
- F. Information on courses that can award students both traditional academic and career-technical credit including, but not limited to, the School's policy on credit flexibility and instructions for students on how to access educational options.
- G. Documentation on career advising for each student and parent, guardian or custodian to review, as well as schools that the student may attend in the future. These include activities that support the student's academic, career and social/emotional development.
- H. The supports necessary for students to successfully transition from high school to their postsecondary destinations, including interventions and services necessary for students who need remediation in mathematics and English language arts.

## II. Model Student Success Plan

In developing a student's success plan, the school may use or adapt the model student success plan developed by the Ohio department of education. It can be found at:

## Governing Authority Resolution July 20, 2022

Whereas, the Governor signed recently legislation allowing the Governing Authority to establish substitute requirements for the 2022-2023 school year that will go into effect on September 22, 2022; Therefore, Be It

Resolved, the Governing Authority hereby sets the following qualifications for substitutes employed to work in the school for the 2022-2023 school year to go into effect on September 22, 2022. Each substitute shall have a high school diploma and successfully complete a criminal background check. In addition, each substitute shall have good moral character, a positive attitude, and related experience as deemed by the principal.

Signed:

Governing Authority President/Secretary/Presiding Member

## Governing Authority Resolution July 20, 2022

Resolved, the Governing Authority hereby approves the following plan for the 2022-2023 School Year:

### Plan for Work Missed Due to Calamity Days

The School shall submit the following plan to the Ohio Department of Education. If indicated by the School's Sponsor, submission of the plan to the Ohio Department of Education may occur through submission to the School's Sponsor. This plan will allow students to access and complete lessons posted on the School's website (or via Blizzard Bags) in order to make up days or hours in the school year in which the School must close for any of the reasons authorized by Section 3314.08(L)(4) of the Revised Code to be in compliance with the minimum number of hours required under Chapter 3314. of the Revised Code. The plan shall provide for making up any number of hours, up to a maximum number of hours equivalent to three school days.

1. By November 1, 2022, each teacher will have prepared a sufficient number of lessons for each course taught by the teacher to cover the number of make-up hours specified above. Each teacher shall designate the order in which the lessons are to be posted on the School's website or completed via Blizzard Bags. The Superintendent may grant teachers up to one professional development day to create lesson plans for those lessons.
2. To the extent possible and necessary, each teacher shall update or replace, based on current instructional progress, one or more of the lesson plans developed under this plan before they are posted to the School's website or distributed via Blizzard Bags.
3. As soon as practical after a school closure, the School shall make the designated lessons available to students on the School's website.
4. Students will have a two-week period from the date of posting to complete each lesson. Teachers shall grade the lessons in the same manner that other lessons are graded. A student may receive an incomplete or failing grade if the lesson is not completed on time.
5. In addition to posting the classroom lessons online, the School is authorized to distribute printed copies of the lessons (Blizzard Bags). Each classroom teacher shall prepare paper copies in conjunction with the lessons to be posted online and update the paper copies whenever the teacher updates online lesson plans. The School Director may determine the method and time of Blizzard Bag distribution depending upon the circumstances. The method of distribution may include, but is not limited to, distribution to students by a specific deadline via pick-up at the School or distributing the lessons directly to students to take home prior to an anticipated closure.
6. In order to accommodate students that do not have access to a computer at the student's residence and the student was not able to receive the distributed

---

Blizzard Bags, the School Director may allow a student to complete lessons at school, after school reopens. Students permitted to complete lessons in this manner shall be granted a two-week period from the date of reopening to complete the lessons. The School may provide the student with access to a computer before, during, or after the school day in order to complete the lessons. In the alternative, the School may provide the student with substantially similar paper lessons.

If authorized by law, the School may use Blizzard Bags in other situations, including but not limited to the School's Remote Learning Plan, to make up any number of hours necessary to comply with the number of hours in the school year as required by Chapter 3314. of the Revised Code.

## Governing Authority Resolution July 20, 2022

Resolved, the Governing Authority hereby approves the attached Visitor and Volunteer policy.

Signed:

---

Governing Authority President/Secretary/Presiding Member

## Policy

### Visitors and Volunteers Policy

#### Visitors

The Governing Authority welcomes and encourages parents, guardians, and others to visit the School. However, controls are necessary to protect the integrity of the educational program and provide for the safety of students, staff, and others.

The Principal or designee has the authority to prohibit the entry of any person to the School or to expel any person when there is reason to believe the presence of such person is detrimental to the good order of the School or who may be legally prevented from being on School grounds. If a person refuses to leave or creates a disturbance, the Principal or designee is authorized to request assistance from local law enforcement to remove the individual.

The Governing Authority delegates to the Management Company the authority to implement security systems, protocols, and/or procedures as it deems necessary to implement this policy.

#### Volunteers

The Principal has the authority and discretion on whether to accept the services of volunteers, when in their opinion, it benefits the School. Volunteers shall not have unsupervised access to students, except in an emergency, unless they have undergone a criminal background check. All Volunteers (both new and current) are hereby notified that the School may require submission of fingerprints at any time in order to conduct a criminal background check. If a criminal background check shows a violation on the list of prohibited offenses, the School shall not utilize the services of that Volunteer

## Curriculum and Instruction (C&I)

### Student Academic Growth

One of the measures that we look at to determine if students are making appropriate growth in reading and math each year is the Renaissance Star student growth percentile (SGP) report. The SGP compares a student's growth to that of his or her academic peers nationwide. These peers are students in the same grade with a similar achievement history on Star assessments. SGP is measured on a 1–99 scale. Lower numbers indicate lower relative growth, and higher numbers indicate higher relative growth. For instance, if a student has an SGP of 75, it means the student has shown more growth than 75 percent of his or her academic peers during the testing interval. Teachers and administrators can use SGP scores to determine if students grew more than, less than, or as much as expected. The SGP target for all SA schools is 40. Our SGP data for the 2022 school year is encouraging and shows that we are seeing recovery of learning loss due to the COVID deficits. For the 2020-21 school year, during which students were mostly instructed online, an average of 47% of students across our schools met or exceeded the SGP target in reading and 37% in math. For the 2022 school year, during which students were back in the classroom, the average number of students who met or exceeded the SGP target was 56% in both reading and math.

## **Planning for fall professional development**

The curriculum and special education teams are collaborating to ensure that all staff receive necessary and relevant training at the beginning of the next school year. Our technology integration coaches are creating (and will maintain) a website to house recordings of all offered live trainings, plus a variety of videos and training modules created by the teams. This will ensure that all instructional staff receive consistent training and allow new hires to receive the same training no matter when they are hired during the year. The teams will offer two days of live online training (August 9<sup>th</sup> and 15<sup>th</sup>) “conference style.” A variety of topics will be offered to meet the needs and interests of both new and veteran staff. Since they are consistent embedded PD and instructional support for our schools, instructional coaches will also gather for a two-day in-person training in early August. We will make sure that they are solidly trained in Summit Academy priorities (MTSS, Reading Framework, evidence-based instructional strategies, the Ohio Improvement Process, etc.) and fully understand their coaching role and responsibilities in their schools. Curriculum Administrators and Technology Integration Coaches will also work with their assigned schools to ensure that each has an appropriate PD plan for the coming school year to meet the individualized needs of each school.

## **Multi-Tiered Systems of Support (MTSS)**

Throughout the year the curriculum team had offered professional development of the MTSS process. It was determined at these trainings that schools varied in their MTSS process because of staffing, schedule organization, and intervention materials available within the building. To best accommodate each school, the curriculum team along with the special education team have developed a “train the trainer” model for MTSS that is being presented across all schools individually in May and June. It is through this training opportunity that the school administrative teams will understand MTSS, specifically being able to analyze data, determine evidence-based interventions, and learn about different progress monitoring tools through Renaissance with their teachers. This professional development opportunity has led administrative teams to plan out their MTSS instructional block for next year to better prepare students to meet their growth percentiles. The curriculum and special education team look forward to this continued partnership with each individual school in the 22-23 school year to support the MTSS process.

## **Ohio Dyslexia Law**

As we refine our Summit-wide Reading Framework initiative, we are ensuring alignment to new legislation and guidance stemming from Ohio's dyslexia laws. We are not only communicating best practices and requirements, but also focusing on how implementing and supporting these changes can lead to sustainable excellence in instruction and, ultimately, high student achievement.

## **Curriculum Team**

As of July 1, 2022, Mari Dew, a Summit Academy Curriculum Administrator for the past 11 years in our southern schools and teacher at Canton Secondary for 8 years prior to that, is promoted to the position of Curriculum Director. To fill the Curriculum Administrator position supporting the southern schools, the curriculum team evaluated applications and interviewed four candidates (two internal and two external), resulting in offering the position to Sara Schmidt. Sara is currently the instructional coach at our Dayton Community School and has been with Summit Academy for three years. Sara is excited to accept and will officially join the team on July 1<sup>st</sup>. The team has also accepted the responsibility for the coordination of state testing beginning next year, causing the team to examine and realign each member's primary support schools and leadership responsibilities to better balance the workload.

## **Facilities**

Since starting in April, my main focus has been on understanding the relevant historical information on Summit Academy Management's (SAM) facilities, our current state including our relationship with TDG, and mapping out the expected future state of SAM's facilities and building operations.

Together with our maintenance and custodial partner TDG, we are launching a very ambitious summer cleaning program across all our school buildings. This project encompasses cleaning walls, furniture, and fixtures as well as appropriate floor care. In addition to the summer cleaning, we have several larger projects across the organization. At Akron Elementary we are converting what was once the lawn and garden department of the Sears Hardware store to a gymnasium/dojo. Middletown Secondary will be relocating to a leased property allowing the elementary school room for expansion and doing away with the modular trailer classrooms on the property. We are also exploring future facilities for both Canton Schools, Toledo, and Xenia.

## **Food Program**

Steven Foster, a graduate of the University of Akron, has joined Summit Academy as the Federal Program Coordinator. He will be handling the food program duties, as well as federal program clerk duties. Steven has worked in finance, retail, and also food service.

Steven will be working on food contracts and renewals. There are 17 schools up for bid this year along with 7 renewals. Steven will also be attending trainings for the National School Lunch Program and will be visiting the schools. He looks forward to building relationships with the schools.
