Kurt Aey, the director of ESCLEW Community Schools sent an email containing the school's Annual Performance Report. The report summarizes the school's academic performance, legal compliance, financial health and sustainability, and organizational and operational performance according to the most recent data available for the year in review. You will also see within this report how your school has performed as compared to previous years in the current term of the contract. The Annual Performance Report also provides an overview of your school's enrollment demographics for the 2021-2022 school year.

The ESC of Lake Erie West is committed to promoting high-quality education for public school students in Ohio. This Annual Performance Report is produced in order to:

- 1. Provide timely information to the community school on its performance relative to the standards and expectations established by applicable federal and state law and the charter contract.
- 2. Identify the school's strengths and any areas needing improvement.
- 3. Provide information that enables the community and the public to understand the school's performance, including its fulfillment of public obligations.

This information will also be included in the Governing Authority update in the November Sponsor Newsletter. If you share the information in the October meeting, you are not required to share again in November.

The truly unique aspect of SASS Wild Bunch Action Shooting<sup>TM</sup> is the requirement placed on authentic period of western screen dress. Each participant is required to adopt a shooting alias appropriate to a character or profession of the late 19th century, or a Hollywood western star, and develop a costume accordingly.

Your SASS shooting alias is ekclusively yours. In the tradition of the Old West cattle brand registries, SASS prohibits one shooter daphicating another's alias. There is only one Textone Kid Curry, and one Loophole Petitiogger.

Marches. SASS endorses Regional matches conducted by affiliated clubs and annually produced END of TRAIL, the World Championship of Cowboy Action Shooting & Wild West Jubilee?<sup>48</sup>, SASS Wild Bonch Action Shooting is a multifaceted amateur shooting sport in which contestants compete with fitearms typical of those used in the taming of the Old West just after the furn of the 20th century: 1911 semi-anto pistols, lever action rifles, and 1897 pump shotgams. The shooting competition is staged in a unique, characterized, Old West style.

## Governing Authority Resolution January 4, 2023

Resolved, the Governing Authority hereby approves the attached Fixed Assets/Title I and Federal Grants Assets Policy and makes it effective retroactively to July 1, 2022.

Signed:	
Governing Authority President/Secretary/Presiding Member	

#### Policy

#### Fixed Assets/Title I and Federal Grant Assets

#### I: Purpose

The School's Fixed Asset/Title I and Federal Grant Assets policy establishes a fixed asset accounting system that, if followed, will ensure that the School properly handles and disposes of assets, including those assets obtained with Title I grant monies and other federal grant awards, and contains sufficient data to permit:

- A. The preparation of fiscal year-end financial statements in accordance with Generally Accepted Accounting Principles (GAAP);
- B. Adequate insurance coverage; and
- C. Control, accountability and security.

#### II. Classifications of Fixed Assets.

Fixed assets shall be classified as either: equipment, supplies, furniture, leased fixed assets, or real property.

#### III. Criteria for Fixed Asset Capitalization and Valuation

An item is a Fixed Asset if it has a useful life of two (2) years or more and the cost of the asset is greater than \$5,000.00 or is a leased asset with a purchase price of greater than \$5,000.00.

Fixed Assets are to be valued at historical cost or, if that amount is not practicably determined, at estimated historical cost. Improvements should be capitalized and recognized as expense (i.e., depreciation or amortization) over the estimated useful life of the improvement. The cost of repairs and maintenance must be reported as an expense of the period in which incurred. The Treasurer shall determine the estimated historical cost. Donated Fixed Assets shall be valued at the donor's estimated fair market value at the time of gifting.

Depreciation in value of a Fixed Asset will be calculated using straight-line depreciation. The estimated life of a fixed asset shall follow Association of School Business Officials (ASBO) guidelines.

#### IV. Management of Fixed Assets

The School shall conduct a physical inventory of its fixed assets at least every two years. The results of the physical inventories must be reconciled with the property records.

The School shall develop a control system to safeguard against loss, damage, or theft of fixed assets. The School shall investigate any loss, damage, or theft of any fixed asset. To the greatest extent possible, the School shall also maintain effective internal controls and safeguard all computing devices and assure that such devices are used solely for authorized purposes.

In order to prevent loss or theft of School property, all fixed assets (other than real property) will have a School fixed asset sticker indicating the School's ownership.

The School shall maintain its fixed assets in order to keep them in good condition and working order.

- A. The following information shall be maintained for all fixed assets:
  - 1. Description of the asset
  - 2. Title Information
  - 3. Serial number if applicable
  - 4. Classification
  - 5. Location, Use, and Condition
  - 6. Purchase Price and Percentage of Federal Participation
  - 7. Vendor
  - 8. Date Purchased
  - 9. Percent of Federal Funds used for Purchase or Lease, if applicable
  - 10. Accumulated Depreciation
  - 11. Date and Method of Disposal and Sale
  - 12. Price Records Generated by Physical Inventories

#### V. Acquisition of Fixed Assets

A. Real Property Acquired with Title I or Other Federal Grants.

Real property acquired with federal Title I or other federal grant monies received by the School shall be titled in the name of the School.

Except as otherwise provided by federal law or by the federal awarding agency, real property acquired with federal Title I or other federal grant monies shall be used for the purposes authorized by the grant(s). The School shall not dispose of or encumber its title or other interest in any real property acquired with federal Title I or other federal grant monies so long as the real property is needed for the originally authorized purpose.

B. Equipment Acquired with Title I or Other Federal Grants.

Equipment acquired with federal Title I or other federal grant monies received by the School shall be titled in the name of the School.

For as long as needed, the School shall use equipment acquired with federal Title I or other federal grant monies in the program or project for which it was acquired, whether or not the project or program continues to be supported by federal funds. The equipment may be used in other activities currently or previously supported by a federal agency when it is no longer needed for the program or project for which it was acquired. The School shall give priority to activities under a federal award from the same agency then to activities under a federal award from other federal agencies.

The School can use equipment acquired with Title I or other federal grant monies on other projects or programs that are currently or were previously supported by the federal government provided that such use will not interfere with the program or project for which the equipment was acquired. First preference should be given to other programs or projects supported by the agency that awarded the grant monies.

The School shall not use the equipment acquired with federal Title I or other federal grant monies to provide services for a fee that is less than private companies charge for equivalent services.

The School shall obtain the approval of the awarding agency if required by the federal award before it (1) uses equipment acquired with federal Title I or other federal grant monies as a trade-in to acquire equipment to replace the old equipment, or (2) sells the old equipment and uses the sale proceeds to offset the cost of the replacement equipment.

C. Supplies Acquired with Title I or Other Federal Grants.

Supplies acquired with federal Title I or other federal grant monies received by the School shall be titled in the name of the School.

The School shall not use the supplies acquired with federal Title I or other federal grant monies to provide services for a fee that is less than private companies charge for equivalent services.

D. Equipment Furnished by Federal Agency.

The School shall ensure that the equipment remains titled in the name of the Federal Government. The School shall follow the rules and procedures of the federal agency for managing the property.

#### VI. Disposal of Fixed Assets

The School shall establish and follow procedures to ensure that it receives the overall best possible return, if it sells any fixed asset. An independent valuation or market comparison may be used, among any other reasonable method of valuation.

A. Fixed Assets Not Acquired with Title I or Federal Grant Funds.

Fixed assets that were not acquired in whole or part with federal grant monies will be disposed in a manner approved by the Governing Authority of the School. Upon recommendation of the Principal or Treasurer, such Board resolution shall designate the materials, equipment, supplies or other assets as obsolete, excess or unusable, and shall identify the assets, and may sell, donate or lawfully dispose of them. Any proceeds shall be put in the general fund.

B. Real Property Acquired with Title I or Federal Grant Funds.

When real property acquired with federal grant monies is no longer used for the originally authorized purpose(s), the School shall dispose of such property pursuant to instructions provided by the awarding agency.

C. Equipment and Supplies Acquired with Title I or Federal Grant Funds.

The School may retain, sell, or otherwise dispose of equipment acquired with federal funds. However, the School shall contact the awarding agency for disposition instructions before it sells any equipment with a per unit value of greater than \$5,000 because the awarding agency may have a right to a portion of the proceeds of the sale. State law may dictate the procedures that must be followed or otherwise place restrictions on the ability of the School to sell the property.

D. Disposal of Equipment Provided by a Federal Agency.

The School shall only dispose of federal equipment pursuant to instructions provided by the federal agency that provided the equipment, or should the assets or equipment be under a value or value per unit as applicable under the rules of the federal agency, then the School may dispose of the equipment or asset as if it was not acquired with federal grant funds.

## Governing Authority Resolution January 4, 2023

Resolved, the Governing	Authority hereby a	pproves the revised (	Career Advising Policy
as attached.			
Signed:			

Governing Authority President/Secretary/Presiding Member

#### Policy - Career Advising

This policy on career advising is reviewed at least once every two years and made available to students, parents, guardians and custodians, local post-secondary institutions, and residents. The policy is posted in a prominent location on the School's website.

I. Plan for Career Advising

The School's plan for career advising includes providing:

- A. Grade-level examples that link students' schoolwork to one or more career fields by implementing the career connections learning strategies offered by the Ohio Department of Education.
- B. Career advising to students in grades 6-12, which includes meeting with each student at least once annually to discuss academic and career pathway opportunities.
- C. Additional interventions and career advising for students who are identified as "at-risk" of dropping out of school. These include:
  - 1. Identifying students who are at-risk of dropping out of school using a local research-based method with input from teachers, school counselors, and other appropriate school staff.
  - 2. Developing a student success plan for each at-risk student that addresses both the student's academic and career pathway to successful graduation and the role of career-technical education, competency-based education, and experiential learning, when appropriate.
    - a. Before the School develops a student's success plan, staff will invite the student's parent, guardian or custodian to assist. If that adult does not participate in the plan development, the School will provide the adult a copy of the plan, a statement of the importance of a high school diploma and a listing of the pathways to graduation available to the student.
    - b. Following development of the plan, staff will provide career advising to the student that is aligned to the success plan and this policy.
- D. Training for staff on how to advise students on career pathways, including use of the tools available on the Ohio Means Jobs website and other online sources provided by the School.
- E. Multiple academic and career pathways through high school that students may choose to earn a high school diploma, including opportunities to earn industry-

recognized credentials and postsecondary course credit through college credit plus.

- F. Information on courses that can award students both traditional academic and career-technical credit including, but not limited to, the School's policy on credit flexibility and instructions for students on how to access educational options.
- G. Documentation on career advising for each student and parent, guardian or custodian to review, as well as schools that the student may attend in the future. These include activities that support the student's academic, career and social/emotional development.
- H. The supports necessary for students to successfully transition from high school to their postsecondary destinations, including interventions and services necessary for students who need remediation in mathematics and English language arts.
- I. Information regarding career fields that require an industry-recognized credential, certificate, associate's degree, bachelor's degree, graduate degree, or professional degree.
- J. Students with information about ways a student may offset the costs of a postsecondary education, including programs such as all of the following:
  - 1. The reserve officer training corps;
  - 2. The college credit plus program established under Chapter 3365 of the Revised Code;
  - 3. The Ohio guarantee transfer pathways initiative established under section 3333.168 of the Revised Code; and,
  - 4. Joint academic programming or dual enrollment opportunities required under section 3333.168 of the Revised Code.

#### II. Model Student Success Plan

In developing a student's success plan, the School may use or adapt the model student success plan developed by the Ohio department of education. It can be found at:

https://education.ohio.gov/getattachment/Topics/Career-Tech/Career-Connections/Career-Advising-Policy-and-Student-Success-Plan/Model-Student-Success-Plan\_2017.pdf.aspx?lang=en-US

#### SUMMIT ACADEMY MANAGEMENT

2791Mogadore Road | Akron, Ohio 44312

#### **CEO Report**

The continuous focus is on achieving the Mission and Strategic Plan of Summit Academy Management.

The strategic plan is focused on four key strategies:

- 1. Improve employee retention and professional growth
  - ✓ In 2022, we increased salaries of all school staff, and enhanced our benefits package
  - ✓ Initiated a New Leader Academy growth forum, with nine Building Leaders
- 2. Increase student achievement
  - √ Fall Assessment (next page)
  - ✓ Working with our lobbyist on a current legislative initiative in the Senate
- 3. Build an infrastructure that utilizes automation and reduces manual entry
  - ✓ Trials conducted on new student information system, INFINITE CAMPUS; combining our multiple data systems into one data warehouse that all schools and departments can utilize
  - ✓ Minimizing disparate entries and eliminating multiple systems registrations and paper records
- 4. Expand learning opportunities for students with ADD, ADHD, and Autism
  - ✓ Embracing a plan to broaden our student enrollment and retention
  - ✓ Continuing focus on our Reading Framework enrichment and fulfilment of our targeted goals
  - ✓ Extraordinary contributions of the Summit Academy's signature
    Therapeutic Martial Arts Program and the special, and rare, occurrence in
    achieving an 8<sup>th</sup> Degree Blackbelt for Master-Level Instructor Lisa Kozak
    and Master-Level Instructor David Willard

### Ohio State Report Card Performance Index Data

According to the Ohio Department of Education, the Performance Index "measures the achievement of every student, not just whether or not they reach "proficient". Districts and schools receive points for every student's level of achievement. The higher the student's level, the more points the school earns toward its index. This rewards districts and schools that improve the performance of highest- and lowest-performing students." The state expectation for all student subgroups is to continue closing educational gaps year over year.

The data below shows the Performance Index scores for Students with Disabilities (SWD) specific to English Language Arts (ELA) and Math. The scores of each major Ohio city public school district are compared to the corresponding Summit Academy locations. Subgroups with fewer than 15 students are not rated and are shown in the table as "N<15".

#### Safety

Emergency Operations Plans were updated for all schools to remain compliant with the Ohio School Safety Center and the Ohio Department of Education. These updates include establishing a new master key system, updating card access systems, and implementing temporary door-locking devices to be used in emergency/lockdown situations.

Additionally, training is being scheduled for staff on the School Gate Guardian visitor management system. Camera systems continue to be introduced to the schools as an added layer of safety, internally and externally. Exterior lighting updates are being analyzed to replace existing lighting with more energy-efficient LED lighting for sustainability, safety, and cost savings.

#### Federal Programs

The Federal Programs department has been focused on entering the COVID-based grants, ARP ESSER, and ESSER II applications and budgets required to receive Federal grant funds for the 2022-2023 school year.

The availability to move forward with these grants has been dependent on ODE Grants Management approvals of the prior FY22 grant year. This process has been very slow this year, delaying most applications by 2 months or more. We currently have 33 of the 48 applications approved, 12 in process, and 3 still pending ODE approval.

All federal grants in the Comprehensive Continuous Improvement Plan (CCIP) have had the carryover funds availability delayed, so we will be expediting adding these funds to budgets.

Our next big push in January will be reviewing the spending status of grant funds and preparing for the next year of grant applications. We will be working closely with Curriculum and our school-building leadership to determine the grant focus and preparation of the One Needs Assessment and One Plan.

#### SSIS

Beginning of the year Student (closes 12/19/22) and Staff/Course collections (closes 1/30/23) have been submitted for the deadlines listed as required by ODE. End-of-year reporting begins after the collections close.

A new reporting collection in this school year for Graduates Follow UP opened in November and closes on 1/6/23. This collection requires High Schools to follow up on how 21-22 graduates are succeeding in the era of post-graduation.

Schools on schedule for Full-Time Equivalency (FTE) reviews with Area Finance Coordinators from ODE this school year will be, Summit Academy Akron Elementary School, Summit Academy Akron Middle School, and Summit Academy Transition High School-Cincinnati.

#### **Martial Arts**

The Therapeutic Martial Arts program is continuing to gain strength as it enriches our students' lives. During the first semester, the schools focus on the Summit Academy Full Value Contract, incorporating it as a part of the school's culture. Students have emphasized three things: "I am focused", "I am in control" and "I show respect". The students say the phrases every class and the lessons reinforce these concepts so that they can be carried out throughout the school.

The Blue Star Program was brought back this year and tied in with the existing PBIS program. The students earn Blue Stars in the TMA program through positive behavior tracked in the PBIS program. Students who have earned two Blue Stars are eligible to be promoted to their next Martial Arts belt rank as part of their requirements for that rank.

The Therapeutic Martial Arts promotion ceremonies were very successful in December. However, two have been postponed until January due to illness: Canton Elementary (1/26/2023) and Painesville (1/12/2023).

This coming semester will continue the progress from the first semester. The goal is to strengthen the program even more and have it become part of the overall school culture.

#### **SPED**

The special education department is focusing on the following:

- 1) Statewide Tasks:
  - a. A workload analysis was completed to determine how to effectively allocate resources for Semester 2.

- b. We are continuing to vet and interview candidates for open Special Education Administrative school team members. A contingency plan has been created to ensure coverage where there are current openings. Current openings include:
  - i. Akron Elementary Behavior Specialist
  - ii. Akron Secondary Behavior Specialist/Performance Coach
  - iii. Dayton THS Behavior Specialist
  - iv. Lorain Elementary Lead Intervention Specialist
- c. Two special projects are being completed using available wellness funds. The projects examine the following:
  - i. Tier 1, 2, and 3 PBIS interventions: those working on this project are identifying interventions at each tier across our schools, identifying how each intervention addresses symptoms of a specific mental health diagnosis and analyzing which interventions have resulted in student progress.
  - ii. Social/Emotional Programming: those working on this project are identifying programming used in each of our schools and specific pieces of the program that address symptoms of a specific mental health diagnosis and/or a developmental disability.
- d. In anticipation of the upcoming Special Education Ratings, selfreviews will be completed as required (these are typically released in early December).
- e. Purchase orders will be created in late winter using federal IDEA B funds to purchase special education protocols and supplies.
- f. The Executive Director of Special Education is submitting a proposal to present at the Milestones national Autism conference in June 2023.

#### 2) Training

- a. A calendar was distributed in Spring 2022 with a list of special education-specific and clinical training that will be conducted each month during the 2022-23 school year. In addition to these whole-group trainings, individual and small group trainings are held based on needs.
- b. Upcoming trainings include: Secondary Trauma (1.5 CEUs); Reporting Abuse and Neglect (1.5 CEUs); Empowerment, Self-Care, and Mindfulness (1.5 CEUs); Addressing Bullying and Grief (1.5 CEUs); Ethics (3.0 CEUs); Clinical Supervision (3.0 CEUs);

- Interventions by Disability Category; Legal/Ethical Issues in Special Education Updates; Graduation and Summary of Performance; and Year-End Tasks.
- c. We will renew our CEU Provider status in Spring 2023 through the Ohio Counselor, Social Worker, and Marriage and Family Therapist Board.
