Annual Performance Reports

Every year, the ESC of Lake Erie West (ESCLEW) produces an Annual Performance Report for each community school it oversees for use by the school and other stakeholders. The report summarizes the school's academic performance, legal compliance, financial health and sustainability, and organizational and operational performance according to the most recent data available for the years in review. Due to changes in the data and reporting on the Ohio School Report Card, ESCLEW was unable to complete its assessment of academic performance of its sponsored schools for the 2021-2022 school year.

ESCLEW is committed to promoting high-quality education for public school students in Ohio. This Annual Performance Report is produced in order to:

- 1) Provide timely information to the community school on its performance relative to the standards and expectations established by applicable federal and state law and the charter contract.
- 2) Identify the school's strengths and areas needing improvement.
- 3) Provide information that enables the community and the public to understand the school's performance, including its fulfillment of public obligations.

These annual reports were emailed to school leaders and governing authority members in the beginning of October. The last page highlights the school's performance summary and prospects for renewal. The prospects for renewal section are for reference only as a preliminary calculation and does not guarantee renewal. Renewal determinations and subsequent contract terms are based on each school's renewal application. Prospects for renewal are based on the assumption that the school will continue to produce consistent levels of performance as documented in the data trends of the previous sections of the report.

The 2021-2022 Educational Service Center of Lake Erie West's Community Schools Center Sponsor Annual Report is a combination of all community schools sponsored by the ESCLEW and will be provided to all school stakeholders in early November. The ESC of Lake Erie West is required to provide a written report to all parents of students enrolled in sponsored schools and the Ohio Department of Education by November 30th of each year. The 2021-2022 Educational Service Center of Lake Erie West's Community Schools Center Sponsor Annual Report is required to be posted to the schools' websites by November 30, 2022 to serve as notification to parents of students enrolled at each school.

Chronic Absenteeism Rate for the 2022–2023

Beginning with the 2022–2023 school year, the Chronic Absenteeism improvement indicator contributes a possible five points to the Gap Closing Component. The Ohio Department of Education has set a long term goal of reducing Ohio's chronic absenteeism rate to 5% by the 2030–2031 school year. In order to meet this target goal, the state has identified specific annual targets as the annual state target to meet the indicator on the report card.

The 2022–2023 state target goal for chronic absenteeism is 20.2%. This is a change from what was published prior to 2020. Schools will meet the chronic absenteeism indicator by achieving one of the following three options;

1. Meet the state target of 20.2%.
2. If the school's chronic absenteeism rate is 36.7% or higher, the school will show a 1.1% improvement.
3. If the school's chronic absenteeism rate is lower than 36.7%, the school will show a 3% improvement.

The schools will be required to determine the rate of improvement that will be required to meet the state target, and that will be the school's goal for chronic absenteeism rate for the 2022 - 2023 school year. The chronic absenteeism rate will be evaluated on the 2022–2023 Annual Performance Reports completed by the ESCLEW Community Schools Center.

Governing Authority Update Governing Authority Book Club

Topic Three: School Management – chief executive or management company?

Governing for Greatness explores ten fundamentals every charter school board member needs to know. The third fundamental is school management. Community schools are either operated by a chief executive (superintendent, principal, director, etc.) or an education service provider (management company/operator). According to research cited in Governing for Greatness, 60% of schools are run by a chief executive while 40% of schools are run by a management company. Either way, the board should have a contract with school management whether it's an individual or company. At minimum, the contract should address four topics – responsibilities, scope of authority, accountability to the board, and compensation.

School Management FAQ

☐ Where can I find our school management contract?

For schools that are managed by a third party operator, a copy of the fully executed operator contract is included in Attachment 3.2 of the board's contract with ESCLEW. Board members may contact their school liaison or their ESCLEW regional representative for help accessing the current charter contract including Attachment 3.2 Management by Third Party Operator. ODE also publishes operator contracts on their website here.

Educational Service Center of Lake Erie West Community Schools Center

Book Club Challenge

Read your school's management contract and answer the questions from Governing for Greatness.

- 1) Does your school's management (i.e., chief executive) have a contract with the board?
- 2) If yes, how well does it compare with the four elements described in this section?
- 3) Did an independent attorney that is knowledgeable about the charter school sector re-view the management contract before the board approved it (or its subsequent renewal)? (The answer to this question is of greater significance if your board contracts with a management company.)

Did You Know?

Ohio Revised Code Section 3314.036 requires the governing authority of a community school to employ an attorney, independent from the school's sponsor or operator, for any services related to the negotiation of the community school's contract with the sponsor or the school's contract with the operator.

Topic Four: Financial Controls – policies and procedures safeguard against fraud, waste, and abuse

Governing for Greatness explores ten fundamentals every charter school board member needs to know. The fourth fundamental is financial controls. The board maintains a fiduciary duty to verify these financial policies and procedures exist and are being followed. In order to protect against fraud, waste, and abuse, every community school should have, at minimum, six specific controls including separation of duties policy, purchasing policy, debit card policy, credit card policy, cash handling procedures, and vendor approval procedures as well as an annual external audit that is presented to the full board.

Financial Controls FAQ

- ☐ Where can I find our board's financial controls?

The financial controls should exist as written board policies. Board members may contact their school liaison for help accessing a board policy binder or electronic archive.

Book Club Challenge

Read your school's financial policies and procedures and answer the questions from Governing for Greatness.

- 1) Does your school have written financial controls (i.e., policies and procedures) that include, at a minimum, the six described in this section?
- 2) Were the policies and procedures easy to locate? (In schools where administrators don't know where to find policies and procedures, there may be inconsistencies in adherence to them.)
- 3) When was the last time your board verified the existence of written financial controls, especially a separation of duties policy?
- 4) Apart from the audit, when was the last time your board evaluated the extent to which financial controls are being followed?

Topic Five: Risk Management – risks to people, risks to property, and risks to the program

Educational Service Center of Lake Erie West Community Schools Center

	<p>Governing for Greatness explores ten fundamentals every charter school board member needs to know. The fifth fundamental is risk management. The information contained in the chapter and this brief synopsis is not sufficient to fully accomplish risk management. Boards should consult other resources in addition to this material. Six key risk management strategies discussed in the chapter include: hiring competent individuals at all levels, being proactive in identifying potential risks, having a method for monitoring data and information related to key risk indicators, adopting and following sound policies and procedures, retaining and consulting competent legal counsel, and maintaining proper insurance coverage. It is important to note, having a compliant policy is not enough. The board should systematically monitor how well key policies are being followed.</p> <p><i>Risk Management FAQ</i></p> <p><input type="checkbox"/> <i>Where can I find information on our school's insurance coverage?</i></p> <p>A copy of the Certificate of Liability Insurance and Evidence of Property Insurance is included in Attachment 10.1 of the board's contract with the ESC of Lake Erie West (ESCLEW). However, the coverage detailed in the attachment is only effective for the year the original contract was signed. Schools are required to submit updated certificates to ESCLEW each year. Board members may contact their school liaison or their ESCLEW regional representative for help accessing the current liability and property insurance coverage.</p> <p><i>Book Club Challenge</i></p> <p><i>Read and reflect on these Key Questions from Governing for Greatness.</i></p> <ol style="list-style-type: none"> 1) As you talk to other board members, how well does it appear the school is being proactive at risk management with respect to the six approaches discussed in this section? 2) Does your board require management to conduct an annual risk management assessment and to report its findings? 3) On what date does your school's liability insurance coverage expire? 4) How many claims has your insurance company settled or paid out on behalf of the school in the previous 12 months? 5) Is your school highly susceptible to certain kinds of risks? For example, is it located on heavily traveled streets? <p>If yes, how is the school mitigating the associated potential risks?</p> <ol style="list-style-type: none"> 6) Does your school's actual insurance coverage meet all minimum thresholds that may be stated in your charter? 7) Has your board ever asked the insurance broker whether it provides any resources for risk management? <p><i>Did You Know?</i></p> <p>Each school's contract with ESCLEW requires general liability insurance (at least \$1 million per occurrence and \$3 million in aggregate), excess or umbrella policy extending coverage as primary coverage for at least \$5million, directors and officers liability and errors and omissions coverage (at least \$1 million per occurrence, not claims-made coverage), and property insurance.</p>

*Learning Without Limits***CEO Report**

The continuous focus is on achieving the Mission and Strategic Plan of Summit Academy Management.

The strategic plan is focused on four key strategies:

1. Improve employee retention and professional growth
 - ✓ In 2022, we increased salaries of all school staff, and enhanced our benefits package
 - ✓ Initiated a New Leader Academy growth forum, with nine Building Leaders
2. Increase student achievement
 - ✓ Fall Assessment (next page)
 - ✓ Working with our lobbyist on a current legislative initiative in the Senate
3. Build an infrastructure that utilizes automation and reduces manual entry
 - ✓ Trials conducted on new student information system, INFINITE CAMPUS; combining our multiple data systems into one data warehouse that all schools and departments can utilize
 - ✓ Minimizing disparate entries and eliminating multiple systems registrations and paper records
4. Expand learning opportunities for students with ADD, ADHD, and Autism
 - ✓ Embracing a plan to broaden our student enrollment and retention
 - ✓ Continuing focus on our Reading Framework enrichment and fulfillment of our targeted goals
 - ✓ Extraordinary contributions of the Summit Academy's signature Therapeutic Martial Arts Program and the special, and rare, occurrence in achieving an 8th Degree Blackbelt for Master-Level Instructor Lisa Kozak and Master-Level Instructor David Willard

Ohio State Report Card Performance Index Data

According to the Ohio Department of Education, the Performance Index "measures the achievement of every student, not just whether or not they reach "proficient". Districts and schools receive points for every student's level of achievement. The higher the student's level, the more points the school earns toward its index. This rewards districts and schools that improve the performance of highest- and lowest-performing students." The state expectation for all student subgroups is to continue closing educational gaps year over year.

The data below shows the Performance Index scores for Students with Disabilities (SWD) specific to English Language Arts (ELA) and Math. The scores of each major Ohio city public school district are compared to the corresponding Summit Academy locations. Subgroups with fewer than 15 students are not rated and are shown in the table as "N<15".

Safety

Emergency Operations Plans were updated for all schools to remain compliant with the Ohio School Safety Center and the Ohio Department of Education. These updates include establishing a new master key system, updating card access systems, and implementing temporary door-locking devices to be used in emergency/lockdown situations.

Additionally, training is being scheduled for staff on the School Gate Guardian visitor management system. Camera systems continue to be introduced to the schools as an added layer of safety, internally and externally. Exterior lighting updates are being analyzed to replace existing lighting with more energy-efficient LED lighting for sustainability, safety, and cost savings.

Federal Programs

The Federal Programs department has been focused on entering the COVID-based grants, ARP ESSER, and ESSER II applications and budgets required to receive Federal grant funds for the 2022-2023 school year.

The availability to move forward with these grants has been dependent on ODE Grants Management approvals of the prior FY22 grant year. This process has been very slow this year, delaying most applications by 2 months or more. We currently have 33 of the 48 applications approved, 12 in process, and 3 still pending ODE approval.

All federal grants in the Comprehensive Continuous Improvement Plan (CCIP) have had the carryover funds availability delayed, so we will be expediting adding these funds to budgets.

Our next big push in January will be reviewing the spending status of grant funds and preparing for the next year of grant applications. We will be working closely with Curriculum and our school-building leadership to determine the grant focus and preparation of the One Needs Assessment and One Plan.

SSIS

Beginning of the year Student (closes 12/19/22) and Staff/Course collections (closes 1/30/23) have been submitted for the deadlines listed as required by ODE. End-of-year reporting begins after the collections close.

A new reporting collection in this school year for Graduates Follow UP opened in November and closes on 1/6/23. This collection requires High Schools to follow up on how 21-22 graduates are succeeding in the era of post-graduation.

Schools on schedule for Full-Time Equivalency (FTE) reviews with Area Finance Coordinators from ODE this school year will be, Summit Academy Akron Elementary School, Summit Academy Akron Middle School, and Summit Academy Transition High School-Cincinnati.

Martial Arts

The Therapeutic Martial Arts program is continuing to gain strength as it enriches our students' lives. During the first semester, the schools focus on the Summit Academy Full Value Contract, incorporating it as a part of the school's culture. Students have emphasized three things: "I am focused", "I am in control" and "I show respect". The students say the phrases every class and the lessons reinforce these concepts so that they can be carried out throughout the school.

The Blue Star Program was brought back this year and tied in with the existing PBIS program. The students earn Blue Stars in the TMA program through positive behavior tracked in the PBIS program. Students who have earned two Blue Stars are eligible to be promoted to their next Martial Arts belt rank as part of their requirements for that rank.

The Therapeutic Martial Arts promotion ceremonies were very successful in December. However, two have been postponed until January due to illness: Canton Elementary (1/26/2023) and Painesville (1/12/2023).

This coming semester will continue the progress from the first semester. The goal is to strengthen the program even more and have it become part of the overall school culture.

SPED

The special education department is focusing on the following:

- 1) Statewide Tasks:
 - a. A workload analysis was completed to determine how to effectively allocate resources for Semester 2.

- b. We are continuing to vet and interview candidates for open Special Education Administrative school team members. A contingency plan has been created to ensure coverage where there are current openings. Current openings include:
 - i. Akron Elementary – Behavior Specialist
 - ii. Akron Secondary – Behavior Specialist/Performance Coach
 - iii. Dayton THS – Behavior Specialist
 - iv. Lorain Elementary – Lead Intervention Specialist
- c. Two special projects are being completed using available wellness funds. The projects examine the following:
 - i. Tier 1, 2, and 3 PBIS interventions: those working on this project are identifying interventions at each tier across our schools, identifying how each intervention addresses symptoms of a specific mental health diagnosis and analyzing which interventions have resulted in student progress.
 - ii. Social/Emotional Programming: those working on this project are identifying programming used in each of our schools and specific pieces of the program that address symptoms of a specific mental health diagnosis and/or a developmental disability.
- d. In anticipation of the upcoming Special Education Ratings, self-reviews will be completed as required (these are typically released in early December).
- e. Purchase orders will be created in late winter using federal IDEA B funds to purchase special education protocols and supplies.
- f. The Executive Director of Special Education is submitting a proposal to present at the Milestones national Autism conference in June 2023.

2) Training

- a. A calendar was distributed in Spring 2022 with a list of special education-specific and clinical training that will be conducted each month during the 2022-23 school year. In addition to these whole-group trainings, individual and small group trainings are held based on needs.
- b. Upcoming trainings include: Secondary Trauma (1.5 CEUs); Reporting Abuse and Neglect (1.5 CEUs); Empowerment, Self-Care, and Mindfulness (1.5 CEUs); Addressing Bullying and Grief (1.5 CEUs); Ethics (3.0 CEUs); Clinical Supervision (3.0 CEUs);

Interventions by Disability Category; Legal/Ethical Issues in Special Education Updates; Graduation and Summary of Performance; and Year-End Tasks.

- c. We will renew our CEU Provider status in Spring 2023 through the Ohio Counselor, Social Worker, and Marriage and Family Therapist Board.
