ANNUAL PERFORMANCE REPORT

Summit Academy Middle School – Columbus

The ESC of Lake Erie West Community Schools Center is a student-centered authorizer of charter schools, advancing quality educational opportunities throughout the state of Ohio. Every year, the ESC of Lake Erie West (ESCLEW) produces an Annual Performance Report for each sponsored community school. The report provides an overview of the school and a summary of its performance in academics, non-academics (fiscal and organizational/operational), and legal compliance over the current contract term. The report also identifies the school's strengths, areas for improvement, and prospects for renewal.

As an Ohio community school authorizer, ESCLEW has a duty to monitor and provide oversight and technical assistance to all sponsored schools which includes an assessment of each sponsored school's academic performance. Due to a lack of academic data, ESCLEW was unable to complete its assessment of the academic performance of its sponsored schools for the 2020–21 school year. Due to changes in the data and reporting on the Ohio School Report Card, ESCLEW was unable to complete its assessment of the academic performance of its sponsored schools for the 2021–22 school year. The 2022–23 school year academic performance data is displayed separately from the previous year's academic performance data for ease of review.

VI. Legal Compliance

Summit Academy Middle School – Columbus was in compliance with all applicable state and federal laws, rules, and regulations for the 2022-23 school year.

VII. Corrective Action Plan (CAP)

Summit Academy Middle School – Columbus was not on a Corrective Action Plan (CAP) during the 2022-23 school year.

VIII. Performance Summary

	Performance Summary
Areas of Strength	During the 2022-23 school year, Summit Academy Middle School - Columbus demonstrated several areas of strength. Throughout the year, Mrs. Elliott and the academic coaches completed daily observations and followed up with coaching conversations. As a result, they observed growth in instructional delivery. Additionally, an above-average percentage of middle school students showed academic growth, and all of the school's 11.6 academic contract goals were met. Chronic absenteeism continues to pose challenges due to transportation problems and the effects of the COVID-19 virus. Despite these challenges, the middle school was able to decrease the chronic absenteeism rate from the previous year. They are encouraged to continue their efforts in student attendance to further decrease the chronic absenteeism rate next school year.
Areas for Improvement	Summit Academy Middle School - Columbus has demonstrated some opportunities for growth that may contribute to overall continuous improvement. Most staff will not be returning to their positions next school year. In preparation for the 2023-24 school year, Summit Academy Management and Mrs. Elliott are encouraged to make staff recruitment a high priority to ensure the school is fully staffed at the start of the school year. With a completely new middle school staff, it will be crucial to develop a plan for building a positive staff culture, and a plan to establish building expectations and instructional protocols at the beginning of the school year. Additionally, the administration team is encouraged to discuss ways to create clarity around roles and responsibilities, how to uphold building expectations and protocols, and proactively consider ways in which new staff members may need to be supported and coached throughout the year. During the 2022-23 school year, staff have shown improvements in effectively engaging parents and families. Mrs. Elliott held a bi-weekly parent meeting in person, encouraging parents to come into the building to hear updates and discuss any concerns. Additionally, the staff made weekly positive parent phone calls and planned
Prospects for Renewal	several family engagement activities. Moving into next year, the administration team is encouraged to reflect on the successes of their efforts this year, as well as areas they can continue to build on and improve parent partnerships. Probable
