Re: *Notice of Closure of Summit Academy Community School - Painesville*

Dear Summit Academy Painesville Parents & Students:

This letter serves to notify you that the Board of Directors of Summit Academy Community School, Painesville (the "School"), the governing authority that oversees your School, has decided to close the School at the end of this school year. As such, the School will not be operating for the 2023-2024 school year or thereafter. The decision was made due to Summit Academy Management's decision to terminate the management agreement.

The Board of Directors remains committed to the students, parents and community and will undertake measures to make the closure process as smooth as possible. All current student records will be returned to each students' resident district. We will continue to communicate with you to provide you with any updates.
