Re: *Notice of Closure of Summit Academy Community School - Painesville*

Dear Summit Academy Painesville Staff:

This letter serves to notify you that the Board of Directors of Summit Academy Community School - Painesville (the "School"), the governing authority that oversees your School, has decided to close the School at the end of this school year. As such, the School will not be operating for the 2023-2024 school year or thereafter. The decision was made due to Summit Academy Management's Board decision to terminate the management agreement.

The Summit Academy Community School - Painesville Governing Authority remains committed to serving all staff and will undertake measures to make the closure process as smooth as possible.

All staff are obligated to complete any remaining duties related to their position through the date of the closure.

STRS and SERS contributions for teachers and staff are current.

Medical benefits will end on 8/15/2023. You will receive a letter via US postal mail from iSolveBenefits by 9/15/2023 that will include information on COBRA benefits.

All LPDC information is current and available upon request.

All Resident Educator program documentation is current and available to affected teachers.

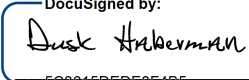

If you have immediate questions, please contact Summit Academy Management Human Resources at HR@summitacademies.org.

Should you have any further questions, you may contact the school's sponsor Educational Service Center Lake Erie West at 419-246-3142.

Thank you for your support of the school.

Very truly yours,

Summit Academy Community School - Painesville
