

Policy 5003: Missing and Absent Children

The Board believes in the importance of trying to decrease the number of missing children. Therefore, efforts will be made to identify possible missing children and notify the proper adults and agencies.

A student at the time of his/her initial entry to school shall present to the person in charge of admission any records given to him/her by the elementary or secondary school s/he most recently attended and a certification of birth issued pursuant to Section 3705.05 of the Ohio Revised Code or a comparable certificate or certification issued pursuant to the statutes of another state, territory, possession, or nation. Within twenty-four (24) hours of the student's entry into the school, a school official shall request the student's official records from the elementary or secondary school the student most recently attended. If the school the student claims to have most recently attended indicates that it has no records of the student's attendance or the records are not received within fourteen (14) days of the date of request, or the student does not present a certification of birth or comparable certificate or certification from another state, territory, possession, or nation, the Principal or his/her designee shall notify the law enforcement agency having jurisdiction in the area where the student resides of this fact and of the possibility that the student may, be a missing child, as this term is defined in Section 2901.30 of the Ohio Revised Code.

If the School receives notification from a law enforcement agency that it has made a missing child report for a current or a former student, then the School must mark the student's records so that whenever a copy of, or information regarding the records is requested, any School official responding to the request is alerted that the records are those of a reported missing child. In addition, when a request of records or information is received, the person in charge of admission must immediately report the request to the law enforcement agency that notified the School that the student might be a missing child. When forwarding a copy of, or information from the student's records in response to a request, the School must do so in such a way that the receiving school is not able to discern that the student's records are marked. The School must retain the mark in the records until notified that the student is no longer a missing child. Upon notification by a law enforcement agency that the student is no longer a missing child, the School must remove the mark from the student's records in such a way that it would be impossible to tell that the records were ever marked.

The School will also immediately give notice to the Ohio Attorney General's missing children clearinghouse and the law enforcement agency where the missing child resides if the School becomes aware that any missing child might be in attendance at the School. To the extent that it can, the School will also assist parents in the case of a missing student by coordinating with local law enforcement and the missing children clearinghouse.
