### 371 - Additional Compensation

This policy establishes guidelines for the appropriate utilization of additional compensation in the form of either stipends or supplemental income. In addition, this policy will define the different types of additional compensation and distinguish how each is to be awarded.

#### Definitions

##### Stipend

A stipend is an additional sum of money that is awarded to an employee in relation to a grant. The stipend is for duties performed outside of the normal working hours of the school. The amount, duration, and disbursement of a stipend is governed by the grant itself and administered out of the Curriculum Office. Stipends awarded to non-exempt employees must follow all provisions of the Fair Labor Standards Act (FLSA) in regards to overtime payment. Time and effort logs are required as a tracking mechanism to justify said payments. Some examples of stipend eligible activities include:

- Extended Learning Opportunities
- Building Leadership Team meetings
- Teacher Based Team meetings

##### Supplemental Income

Income that is provided to an exempt employee for performing duties reasonably outside of what would normally be considered within the scope of his/her normal responsibilities. This income is not grant funded and typically encompasses picking up extra duties outside of normal working hours, not necessarily related to his/her job. Tasks falling under the "other duties as assigned" expectations of one's job description are not subject to supplemental income. Opportunities for supplemental income must be time limited; the duration of which is stated at its outset.

Generally, supplemental income opportunities are limited to a maximum of 90 calendar days though they may be extended with approval of the Chief Human Resources Officer (CHRO). Supplemental income for non-exempt personnel is managed by paying overtime for hours worked in excess of 40 in any week.

See Appendix 317-A

Adopted: February and March 2018

**371-A Additional Compensation Procedure:**

Stipends will be administered by the Curriculum Department and will be subject to the laws and regulations governing the grant(s) that fund them. Time and effort logs will be maintained as documentation that the stipends are being utilized appropriately. The Chief Academic Officer in tandem with the Chief Financial Officer will be accountable for the proper administration of these stipends.

Requests for supplemental income will be administered through the Human Resources Office with the only exception being home based instruction which will run through the Curriculum Office. School Directors, Regional Directors, or any SAM Administration Manager may send a proposal for a supplemental income opportunity to the CHRO. The proposal must include all of the following:

- A brief summary of the tasks involved
- A financial breakdown of the costs associated with the opportunity
- The effective date of the opportunity
- The expected end date of the opportunity
- The particular employee(s) who will partake in the opportunity
- The amount of time expected to be utilized during the opportunity

The CHRO will work in concert with the applicable Chiefs and return a decision on proposals within three (3) business days.

## Student Assessment and Academic Intervention Services

State-Mandated Assessments. The School shall administer State-mandated assessments (e.g., diagnostic assessments and achievement tests) to Students at the times designated by the State Board of Education. The School may, for medical reasons or other good cause, excuse a Student from taking a State-mandated assessment on the date scheduled, but any such assessment shall be administered to such excused Student not later than nine (9) calendar days after the last regularly scheduled test administration date. The School shall annually report to the State Board of Education, not later than June 30, the number of Students who have not taken one or more of the State-mandated assessments.

The Superintendent or his/her designee shall administer State-mandated assessments and submit the assessments to the entity with which the Ohio Department of Education contracts for the scoring of the tests, in accordance with Ohio law.

Diagnostic Assessments are assessments aligned with the Ohio academic content standards and model curriculum designed to measure student comprehension of academic content and mastery of related skills for relevant subject areas. Diagnostic assessments shall be administered by the School at least once annually for grades levels kindergarten through second grade in reading, writing, and mathematics, and for grade three in reading and writing to the following students:

- Any Student who transfers to the School if his/her former school did not administer each applicable diagnostic assessment to the Student in the current school year (must be administered within thirty (30) days from the date of transfer).
- Previously home-schooled Students enrolling at the School will be given a diagnostic assessment in order to determine their appropriate grade level placement.
- Each kindergarten student will complete the readiness assessment. The School shall administer the readiness assessment not earlier than the first day of the school year and not later than November 1 of that year, except that the language and reading skills portion of the assessment must be administered by September 30 of that year.
- As required pursuant to the Third Grade Reading Guarantee. See Policy No. 245, Promotion and Retention Policy.

Recordkeeping. The School shall keep records for each student that include the following:

- A unique state student identification code or student data verification code in accordance with R.C. 3301.0714(D)(2);
- A list or designation of which assessments are required and which assessments are not required;
- A list or designation of which assessments, required or not required, are taken and which assessments are not taken during each assessment administration period;
- A score for each assessment taken, whether required or not required;

- Whether or not each student attained the requisite performance standard designated for each required assessment;
- What, if any, assessments must still be taken;
- Whether or not intervention must be provided; and
- For each test required for graduation, the date passed shall be recorded on the student's transcript. No information regarding a test not passed shall be on the student's transcript.

After the administration of any diagnostic assessment and upon a Parent's request, the School shall provide a Student's completed diagnostic assessment, the results of such assessment, and any other accompanying documents used during the administration of the assessment to the Student's Parent.

Retention. No results from required statewide assessments shall be used as the sole basis for determining whether or not to promote a student from grade to grade, except as specified in the Third Grade Reading Guarantee.

Summer Remediation Services. Instruction will be developed and offered by the School during the summer to any student who failed to score at the proficient level on a third grade reading achievement test or a diagnostic assessment.

Superintendent Duties. The Superintendent, or his/her designee, shall develop an assessment system that includes:

- The administration of state-mandated assessments;
- Regular assessments of student performance;
- Multiple and appropriate assessments that will be used to measure student progress;
- Assessment practices that conform to current professional standards for validity and reliability; and
- Sharing information with parents, students, and the community regarding assessment purposes and results.

The Superintendent, or his/her designee, shall also develop:

- Procedures for using diagnostic assessments to measure student progress in accordance with academic standards;
- A plan for the design of classroom-based intervention services to meet the instructional needs of individual students as determined by the results of the diagnostic assessments;
- Procedures for the regular collection of student performance data; and
- Procedures for using student performance data to evaluate the effectiveness of intervention services and, if necessary, to modify those services.

Students with Disabilities. All identified students with disabilities in the School shall be considered for participation in State-mandated testing. The extent of the student's participation shall be determined by the IEP/504 team. The IEP/504 plan developed for the student must specify the manner in which the student will participate in the state achievement assessments. All students

shall participate in diagnostic assessments except those with significant cognitive disabilities or other disabilities as authorized by the Ohio Department of Education on a case-by-case basis. This policy shall be reviewed and updated annually.

See Policy No. 242.2 Alternate Assessments for Students with Disabilities; Policy No. 245 Promotion and Retention Policy. See Appendix 242.3-A for Individual Student Recordkeeping Chart.

**Approved: January and February 2017**

**Reviewed: March and April 2018**

## 204.14 Career Advising and Student Success Plans

This policy governs the School's plan for advising students on career readiness and shall be reviewed at least once every two years. This policy must be made available upon request and placed prominently on the School's website.

### I. Definitions

Academic Pathways: A designated and specific plan for secondary and post-secondary coursework, academic programs and/or learning experiences that a student will complete in order to earn a diploma or other related credentials.

Career Advising: An integrated process that helps students understand how personal interests, values and strengths may predict educational and career satisfaction and success and may relate to academic and career goals.

Career Connection Learning Strategies: Grade-level examples linking schoolwork to one or more career fields as defined by the Ohio Department of Education.

Career Fields: Groups of occupations and broad industries based on common characteristics as defined by the Ohio Department of Education.

Career Pathways: An overview of the various career options and the amount of education or training necessary for each option.

Early Warning System: Data indicators that help identify students who are at risk of dropping out of school.

Online Tools: OhioMeansJobs K-12, or another similar tool that provides resources, tools and information for students to determine individual career interests, explore career and education options and develop an individual plan for their future.

Student Success Plan: A formalized process that helps students develop goals and plans for success in their futures. The process is based on strategic activities and reflections in which students discover their interests, explore and evaluate options and make informed decisions.

Successful Transition and Postsecondary Destinations: Acceptance to and enrollment in a postsecondary education or training program at an institution of higher education, without remediation. This includes apprenticeship, cooperative education, certificate, associate, or bachelor's degree; employment in a high-skill, high-wage career field; or, acceptance into the military.

### II. Career Advising Plan

The School shall establish a school wide system of career advising. The School shall train staff to advise students on career pathways, including training and advising students to use online tools.

The School's career advising program:

1. will provide career advising to students in grades 6-12 through a combination of formal scheduled meetings with each student, classroom instruction regarding possible career options and career advice provided by teachers;
2. shall provide grade-level examples linking a student's schoolwork to one or more career fields by consulting the Career Connections Learning Strategies and/or any other career advising source the Principal of the School and/or the Board deems appropriate;
3. shall develop multiple academic pathways through high school that will allow a student to earn a high school diploma, including career technical programs and advanced standing programs;
4. will provide the supports necessary for students to transition successfully from high school to their post-secondary destination, including interventions and services necessary for students who need remediation in mathematics and English language arts; and
5. identify and publicize courses that can award students both traditional academic and career technical credit.

### **III. Documentation of the School's Career Advising Program**

The School shall document the career advising provided to each student for review by the student, the student's parent, and future schools that the student may attend. The School shall not otherwise release any documentation of career advising provided to each student absent the written consent of the student's parent or the written consent of the student if the student is at least eighteen years old.

### **IV. Students At Risk of Dropping Out of High School**

The School shall identify students who are at risk of dropping out using one or more local, research-based methods, such as the Ohio Department of Education Early Warning System or any other method deemed appropriate by the School's Principal or his/her designee or by the Board. The School shall consider the input of teachers and guidance counselors in identifying students at risk of dropping out of school.

Any student identified as at risk shall be provided a Student Success Plan. A Student Success Plan shall address the role of career-technical education, competency-based education, and/or experiential learning, and create a pathway to high school graduation. The School shall offer the student's parent an opportunity to assist in developing the plan. If the student's parent does not participate in the development of the plan, the School shall provide the parent (1) a copy of the Student's Success Plan, (2) a statement of the importance of a high school diploma, and (3) a summary of the academic success pathways available to the student to succeed in graduation.

The School shall provide additional interventions and career advising for students who are identified as at risk of dropping out. Career advising shall be aligned with the student's success plan.

*R.C. 3313.6020.*

### *I. December and January Treasurer's Report*

#### *a. December:*

- i.* Foundation revenue (line 1) is based on 133.26 FTE's. The budget is based on 123 students at an average of \$15,446.76 per student for the year.
- ii.* Lines 2, 3 and 4 – Actual revenue varies from budget due to timing of claim payments and when they are received. Budget amounts are projected evenly from month to month throughout the year.
- iii.* Building Utilities (line 22) actual includes water bill for 3 months that is much higher than what was budgeted for.
- iv.* Repairs & Maintenance (line 25) budget includes facilities CIP project for interior repairs; interior painting and flooring replacement in bathrooms.
- v.* Curriculum costs (line 26) actual includes 1-year subscription to Edcite Schools, a software used for testing. Also includes a 1-year subscription to MobyMax – a curriculum software; paid for with federal funds.
- vi.* Education Therapy (line 27) actual cost varies from budget due to budget amounts spread out evenly from month to month.
- vii.* Food Services costs (line 31) actual is breakfast/lunch services for the month of December.
- viii.* Computers\_IT costs (line 37) includes payment to Richard Kevern & Associates for E-Rate Funding.
- ix.* Admin cost (line 44) is the cost of administration expenses, the majority being salaries. For the budget for the fiscal year, this is the number that is used to balance the budget. The monthly budget amount is the fiscal year amount divided by 12. The actual month's amount is the schools portion of the actual costs. This is calculated and allocated by comparing to the amount of foundation received as a part of the whole consortium.

**b. January:**

- i.* Foundation revenue (line 1) this month was for 130.81 FTE's. The budget is based on 123 students at an average of \$15,446.76 per student for the year. Both actual and budget includes amount for half year casino revenue disbursement.
- ii.* Lines 2, 3 and 4 – Actual revenue varies from budget due to timing of claim payments and when they are received. Budget amounts are projected evenly from month to month throughout the year.
- iii.* Repairs & Maintenance (line 25) Actual includes replacement of water heater. Budget includes another amount for facilities CIP project for interior repairs; interior painting and flooring replacement in bathrooms.
- iv.* Education Therapy (line 27) actual cost varies from budget due to budget amounts spread out evenly from month to month.
- v.* Food Services costs (line 31) actual is breakfast/lunch services for the month of January.
- vi.* Computers/IT costs (line 37) actual includes payment for yearly internet services provided by NEONET.
- vii.* Admin cost (line 44) is the cost of administration expenses, the majority being salaries. For the budget for the fiscal year, this is the number that is used to balance the budget. The monthly budget amount is the fiscal year amount divided by 12. The actual month's amount is the school's portion of the actual costs. This is calculated and allocated by comparing to the amount of foundation received as a part of the whole consortium.

- c.* All other items were reviewed and no material or significant discrepancies were noted.
- d.* NOTE: In compliance with HB2 and ORC 3314.024 we will present to your school board at your next board meeting the detailed accounting for your school. This will be in addition to the regular financials for the month of February. In order to meet compliance with the ESCLEW we will have posted this information in the compliance system by the end of March.

## **Time to Brag**

List any exciting news you wish to share about your school, staff, and/or students:

Our school working hard to keep up the academic and social needs of our students. We continue to find ways to work on relationship building as well as identifying changes that need to be made to improve the academic performance of our students.

Our middle school students are involved in a type of community service by completing jobs within the building. We have helpers for our custodian, teachers, and office. The 8<sup>th</sup> graders have been a great example for our little guys who are now excited to have a job when they get to the 8<sup>th</sup> grade.

Our teachers completed a unit on PBIS and school expectations. The students were then able to identify ways that positive behaviors impact the school dynamic. The teachers continue to use Class Dojo to record accomplishments as well as areas that need improvement. This has been a great way for parents to stay connected to the teachers and the behaviors of their child.

## Governing Authority Board Report Summit Academy Management February/March 2018

### I. School Board Survey

Thank you for your responses to the School Board survey that was sent to you in December. We especially appreciate your suggestions for improving the relationship between the School Boards and the SAM Board and staff. From the survey responses, three themes emerged, we need to (1) Build Trust, (2) Improve Communication, and (3) Redesign School Board Training.

One of the suggestions in the survey was about providing more financial information about individual schools and SAM operations to the School Boards. In response to that suggestion, we have developed a dashboard that will give you a snapshot of key indicators that reflect the success or challenges in each school's operations. The dashboard includes actual enrollment numbers as compared to the goal, the percentage of students on IEPs, average revenue and the per student cost of providing special educational services in the Summit Academy model. The dashboard will have the expense to revenue percentage.

We will continue to consider additional information that we can provide that will enable you to maximize your role as a Board member. If you have any suggestions, for data that you would like, please let us know.

### II. Strategic Plan

We have picked up the pace on the Strategic Plan as we move toward the end of year-1 on the 5 Strategic initiatives, which are as follows:

1. Ensure high-quality Summit Academy educational experience for students, educators, administrators and parents
2. Build a healthy, high performing organization that is reflected by the culture, teams and leadership
3. Establish and implement a sustainable financial model
4. Promote the SAM brand and mission
5. Strengthen the operational infrastructure

A progress report on these initiatives will be sent to you shortly.

### III. Operations/Compliance

Compliance is processing the task list, with 258 items for each school, was issued by ODE for tracking for the 2018/19 school year. Each of our sponsors approaches this in a different way, but by the end of February we are required to review and respond to each item.

## Policy updates

An updated Credit Card policy and a Gifts Grants and Donations policy require School Board approval. Additionally, an "Additional Compensation" policy that defines stipends and other forms of compensation, will need approval.

## Educational Services Center of Lake Erie West (sponsor) News

Seven schools received letters for renewal. Youngstown Elementary and Secondary, Warren Middle/Secondary, Lorain Elementary, Parma, Cincinnati Elementary and Xenia were renewed for periods of 5, 3 and 2 years. Details of the sponsor's analysis of the school performance is expected shortly.

Compliance will work with the School Boards to get the renewal final contracts ready for approval before the end of June. School Boards have the right to have an independent attorney review and make recommendations to this contract, if they choose. Please contact John Guyer Email [jw.guyer@summitacademes.org](mailto:jw.guyer@summitacademes.org) or 330 - 734-8128 if your Board wants to use an attorney, so we may create the purchase order for payment; the Auditor of State requires pre-approval of our operational expenditures.

## IV. Curriculum and Federal Programs

The state has released a new round of competitive grants aimed at improving literacy in the state. The Curriculum, Federal Programs, and Regional teams are all involved in learning about the grants and preparing to submit applications. The state is encouraging individual schools to form consortiums to apply for and to implement the grant activities, which Summit Academy will do.

The Federal Program Administrators have been revising our Comprehensive Continuous Improvement Plans (CCIP) over the last six weeks to reflect the changes created by the recent staff layoffs. They will now begin a review of spending in all federal funds to ensure that schools are on pace to expend all allocated money in a timely fashion.

School Principals and CRC Program Managers will spend two days in Akron at a District Leadership Team meeting on February 7 and 8. We will review leading indicator data for all schools as well as begin planning for enrollment and staffing in school year 2018 – 2019.

## V. HR

We released the findings of our employee survey conducted by Kent State University. To improve the survey's utility, we engaged with Dr. Julie Cremeans-Smith, PhD to scour the vast amounts of narrative data collected by the survey to identify themes on which to focus development efforts. The survey serves as a needs assessment to help us strive towards continuous quality improvement. The results have been shared with the school boards and all SAM employees. We are studying the results and finding key areas where we can devote time and energy to make strategic improvements to the organization.

## VI. Finance

There have been questions about why and how the SAM finances became so fragile over the past year. First, the percentage of students on IEPs fell from an average of 80% to 73%. Twenty-seven percent of our students are need general education; they provide reimbursement of \$6,010. Through the Strategic Plan implementation, committees are analyzing our business model and evaluating options.

Second, we rent some of our school buildings and we have purchased or are purchasing others. During FY18, we have had to pay off loans that had been approved several years ago, totaling \$1,239,432 schools that had balloon payments. Two more balloon payments, totaling \$1,613,792, are due April 2018. We have worked with one of our financing banks, Huntington, to extend for 3 years the term of those two pay offs. In exchange for this loan extension, we have committed to keeping our expenses at 95% or less than total revenue and to maintain specified cash reserves. We appreciate Huntington's cooperation and the opportunity to continue building our sustainability.

We received news on January 11, 2018, from ODE, that our overall State Foundation funding remained consistent, slightly up from an average of \$14,820.20 to \$14,858.55, from December to January. The remainder of the year will still require cautionary spending to meet our obligations and new bank commitments.

Recently, we were advised that our Medicaid reimbursements were being delayed due to new Affordable Care Act regulations regarding documentation of services by therapists.

Moving forward, we must continue to be prudent in making financial decisions. We must also look at our business model and business systems that are currently being utilized. Part of our strategic plan for FY18 is to improve and implement solutions in these areas.
